During the spot hearing camp at Padampur Electrical Sub-division under Bargarh West Electrical Division on 06-01-2026, the complainant appeared before the Forum whereas SDO- Padampur appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT- General Purpose < 110KVA consumer having consumer No. 5152-1618-0926 with connected load of 0.50 KW. That the Complainant has raised objection regarding the bills served to him in LT-General Purpose Category instead of Domestic category. Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

relevant documents, FG and Samadhan database (Licensee's soft records) and provisions of law have concluded as follows:

1. That the complainant has been billed on General Purpose < 110KVA category from the date of power supply i.e. 30-06-2018.
2. But as per submission of the complainant, while applying for NSC, the category has wrongly been mentioned as General Purpose < 110KVA instead of Domestic category. After getting bills on higher side, he came to know about the category and inform the respondent.
3. As per Regulation 43 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019, *"If a consumer wishes to change his consumer category, he shall submit an application form to the licensee/supplier in the format given in Form No.1 or 2 to this Code. The licensee/supplier shall process the application form in accordance with the Regulation 21 of this Code. For site inspection and issuance & payment of demand note for the estimated cost of works, both the licensee/supplier and applicant shall follow the procedure and timelines as per provisions laid down in this Code. The licensee/supplier shall also note down the meter reading at the time of inspection. If on inspection, the consumer's request for reclassification is found valid, change of category shall be effective from the date of inspection and a written acknowledgment shall be sent to the consumer"*.
4. Again, As per Regulation 140 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019, *" If it is found that a consumer has been classified in a particular category erroneously or the purpose of supply as mentioned in the agreement has changed or the consumption of power has exceeded the limit of that category or any order of reduction or enhancement of contract demand has been obtained, the engineer may reclassify him under appropriate category after issuing notice to him to execute a fresh agreement on the basis of the altered classification or modified contract demand. For this purpose, the consumer shall be duly given a 15 days' notice period to file objections, if any on the notice. The licensee/supplier after due consideration of the consumer's reply, if any, may alter the classification within 30 days thereafter through passing of necessary order and issuing letter, notice to that effect. Provided that if the consumer does not take steps within the time indicated in the notice to execute the fresh agreement, the engineer may, after issuing a clear fifteen days show cause notice and after considering his explanation, if any, may disconnect the supply of power observing due formalities as per law. Provided*

further that in case of any dispute, the matter shall be referred to the Grievance Redressal Forum constituted under the Electricity Act, 2003.

5. Therefore, it is decided by the Forum that, the tariff should be changed to Domestic category.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

- The tariff of the complainant is to be changed from General Purpose < 110KVA to Domestic category by following Regulation 42 and 140 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.

- Any adjustments done during the revision period are also to be taken in to consideration.
- DPS charged on the wrong bills are also to be withdrawn.
