ORDER

Brief Facts of the Case

During the spot hearing camp at Bheden Electrical Sub-division under Bargarh Electrical Division on 08-01-2026, the complainant appeared before the Forum whereas SDO- Bheden appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT- Domestic consumer having consumer No. 5125-2203-1133 with connected load of 0.50 KW. That the Complainant has raised objection regarding the wrong bills served to him from Jan'2019 to Sep'2024 during the period in which no power connection has been given to him. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

1. Submission of the Complainant:

1. The complainant submits that, wrong bills served to him from Jan'2019 to Sep'2024 during the period in which no power connection has been given to him resulted to accumulation of arrear.
2. He further submits that; he had made verbal complain to the respondent about the erroneous bill.
3. He also requested the Forum to revise the bills.

2. Reply Submission of the Respondent:

- i. The respondent submitted the PVR dated 13-01-2026 with a written submission of SDO Bheden mentioning "the connection was released under soubhagya scheme, but the power supply was extended on dated 27-08-2024."
- ii. The respondent also agreed upon wrong power supply date and agreed for revision of bills. However, the respondent requested the Forum to take appropriate decision as necessary.

Findings and observations of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents, FG and Samadhan database (Licensee's soft records) and provisions of law have concluded as follows:

- That, the power supply was given to the complainant on 01-01-2019 (As per FG database). That the complainant has been billed on provisional / average basis from Jan'2019 to Aug'2024 with meter no. 390597.
- As per submission made by the respondent, the connection was released under soubhagya scheme, but the power supply was extended on dated 27-08-2024.
- It is also noted from the billing that a new meter bearing Sl. No. TWSP51197582 has been installed on 27-09-2024 but in the data the old meter final reading has been mentioned as "1418" and bill for the month of Sep'2024 has been done @ 1447 units. As per PVR submitted by the respondent, the final reading of old meter bearing Sl. No. 390597 is "0000".
- Therefore, it is decided by the Forum that, the bills from Jan'2019 to Jul'2024 should be withdrawn and bills from Aug'2024 to Sep'2024 are to be revised as per average consumption of new meter.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

- As there was no supply available at the complainant premises, the average/provisional bills from Jan'2019 to Jul'2024 are to be withdrawn as per Section 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- The bills from Aug'2024 to Sep'2024 are to be revised as per the average of six consecutive billing of new meter as per Section 155 and 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments done during the revision period are also to be taken in to consideration.
- DPS charged on the wrong bills are also to be withdrawn.

The Opposite party is directed to submit the compliance report to this Forum within one month from the date of issue of this order.

Accordingly, the case is disposed of.
