ORDER

Brief Facts of the Case

During the spot hearing at Melchhamunda Electrical Section of Padampur Subdivision under Bargarh West Electrical Division on 19-08-2025, the complainant appeared before the Forum whereas SDO- Padampur appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT- Domestic consumer having consumer No. 5152-0108-0395 with connected load of 4.00 KW. That the Complainant has raised objection regarding the amount of Rs.89068.52 which has been added to his bill in Sep'2023 despite full arrear payment by him on 31-07-2023 by availing OTS. He requested for withdrawal of the amount added in his bill and mentions about verbal complaint being made to the respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

1. Submission of the Complainant:

- 1. The complainant submits that, amount of Rs.89068.52 which has been added to his bill in Sep'2023 despite full arrear payment by him on 31-07-2023 by availing OTS resulted to accumulation of arrear.
- 2. He further submits that; he had made verbal complain to the respondent about the erroneous bill.
- 3. He also requested the Forum to revise the bills.

2. Reply Submission of the Respondent:

- The respondent also agreed upon OTS payment availing OTS rebate on 31-07-2023.
- ii. The respondent also submits that, a new meter bearing SI. No. LW665417 was replaced on 10-08-2021 but reflected in Jul'2023 bill. After that a bill revision was made for Aug'2021 to Aug'2023 with final meter reading "20593" on 14-10-2023 and debited in bill amounting to Rs.89068.52.

Findings and observations of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents, FG and Samadhan database (Licensee's soft records) and provisions of law have concluded as follows:

- 1. That the complainant has an arrear of Rs.18418.65 as on 31-07-2023 out of which Rs.9731.57 (arrear as on 31-12-2020) was eligible for OTS scheme. As submitted by the complainant and also noted from the billing data that the complainant has paid all the dues on 31-07-2023 and availed an OTS rebate of Rs.3259.83.
- 2. It is also noted from the billing data that, provisional/average bills have been served from Dec'2004 to Aug'2023.
- 3. In the meanwhile, a new meter was replaced on 10-08-2021 but reflected in the bill in Sep'2023 (after 2 years) with a meter reading of "20690". After that a bill revision has been done for delay meter updation and an amount of Rs. 89068.52 has been added in the bill in Sep'2023 bill.
- 4. It is pertinent to mention here that, it is the duty of the respondent to serve correct bill to the consumer but in this case provisional/average bills have been served for almost 18 years and though meter has been changed in 2021 it has not been reflected for 2 years which is a gross negligence made by the respondent.
- 5. It was the duty of the respondent to check the correctness of the bills and arrears before going for OTS. One Time Settlement Scheme was introduced by Hon'ble commission to recover the arrears on a specific date. Whatever the arrear amount shown in the ledger as on effective date of OTS is applicable to both the parties i.e. Respondent and the consumer. It is not that the consumer is paying the arrear amount on his own, the respondent is demanding the specific arrear amount to be paid by the consumer for availing the OTS rebate.
- 6. In this case, the amount demanded by the respondent has been paid by the complainant on 31-07-2023 and by giving the OTS rebate the respondent is also admitted that the arrear against the complainant is NIL as on 31-07-2023 (i.e.

on the effective date of OTS). Therefore, claiming a bill for the periods before: 07-2023 is not justified.

7. Therefore, it is decided by the Forum that, the bill revision amount of Rs. 89068.52 done by the respondent should be withdrawn.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

- The bill revision added in the bill for Rs. 89068.52 by the respondent is to be withdrawn as per Section 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments done during the revision period are also to be taken in to consideration.
- DPS charged on the wrong bills are also to be withdrawn.

The Opposite party is directed to submit the compliance report to this Forum within one month from the date of issue of this order.

Accordingly, the case is disposed of.
