ORDER

Brief Facts of the Case

During the spot hearing at Tora electrical section of SDO II Bargarh under Bargarh Electrical Division camp on 19-03-2026, the complainant appeared before the Forum whereas SDO II Bargarh appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT- Irrigation Pumping and Agriculture consumer having consumer No. 5120-0103-7291 with connected load of 3.00 KW. That the Complainant has raised objection regarding the bills served to him in LT-General Purpose Category instead of Lift Irrigation category. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

1. Submission of the Complainant:

1. The complainant submits that, he was being billed on Lift Irrigation category from the beginning but later on bills are being served to him in LT-General Purpose Category from Aug'2024 instead of Lift Irrigation category.
2. He further submits that; he had made verbal complain to the respondent about the erroneous bill.
3. He also requested the Forum to revise the bills and change of category to domestic.

2. Reply Submission of the Respondent:

- i. The respondent submitted the Physical Verification Report (PVR) dated 08-04-2026 with a written submission dated 15-04-2016 mentioning that upon detection of unauthorized use on 22-07-2024, the tariff was changed to Temp. Supply GP category from 22-08-2024 but later on the category has been changed to LT- Irrigation Pumping and Agriculture again.
- ii. The respondent also agreed for revision of bills. However, the respondent requested the Forum to take appropriate decision as necessary.

Findings and observations of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the

relevant documents, FG and Samadhan database (Licensee's soft records) and provisions of law have concluded as follows:

1. That the complainant has been billed on LT- Irrigation Pumping and Agriculture category from the date of power supply i.e. 22-07-2021. But from Aug'2024 he is being billed in LT- Temp. Supply General Purpose < 110 KVA category.
2. It is noted by the Forum that, during the inspection on 22-07-2024, it is found that the complainant was using the supply for a temporary commercial connection for which he has been penalized and the complainant has paid the penalty amount also.
3. As per submission of the respondent now the complainant is using the supply for Irrigation purpose only and the category has also been changed to LT- Irrigation Pumping and Agriculture from Feb'2026.
4. As per Regulation 43 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019, *"If a consumer wishes to change his consumer category, he shall submit an application form to the licensee/supplier in the format given in Form No.1 or 2 to this Code. The licensee/supplier shall process the application form in accordance with the Regulation 21 of this Code. For site inspection and issuance & payment of demand note for the estimated cost of works, both the licensee/supplier and applicant shall follow the procedure and timelines as per provisions laid down in this Code. The licensee/supplier shall also note down the meter reading at the time of inspection. If on inspection, the consumer's request for reclassification is found valid, change of category shall be effective from the date of inspection and a written acknowledgment shall be sent to the consumer."* The instant case has no records submitted from either of the parties regarding application for change of consumer category.
5. Again, As per Regulation 140 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019, *" If it is found that a consumer has been classified in a particular category erroneously or the purpose of supply as mentioned in the agreement has changed or the consumption of power has exceeded the limit of that category or any order of reduction or enhancement of contract demand has been obtained, the engineer may reclassify him under appropriate category after issuing notice to him to execute a fresh agreement on the basis of the altered classification or modified contract demand. For this purpose, the consumer shall be duly given a 15 days' notice period to file objections, if any on the notice. The licensee/supplier after due consideration of the consumer's reply, if any, may alter the classification within 30 days thereafter*

through passing of necessary order and issuing letter, notice to that effect. Provided that if the consumer does not take steps within the time indicated in the notice to execute the fresh agreement, the engineer may, after issuing a clear fifteen days show cause notice and after considering his explanation, if any, may disconnect the supply of power observing due formalities as per law. Provided further that in case of any dispute, the matter shall be referred to the Grievance Redressal Forum constituted under the Electricity Act, 2003."

6. Therefore, it is decided by the Forum that, as the category has already been reverted to LT- Irrigation Pumping and Agriculture from Feb'2026, only the bills from Aug'2024 to Jan'2026 are to be revised as per LT- Irrigation Pumping and Agriculture category.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

- The bills from Aug'2024 to Jan'2026 are to be revised as per the LT- Irrigation Pumping and Agriculture category as per Section 155 and 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments done during the revision period are also to be taken in to consideration.
- DPS charged on the wrong bills are also to be withdrawn.

The Opposite party is directed to submit the compliance report to this Forum within one month from the date of issue of this order.

Accordingly, the case is disposed of.
