ORDER

Brief Facts of the Case

During the spot hearing camp at Paikmal Electrical Sub-division under Bargarh West Electrical Division on 08-04-2026, the complainant appeared before the Forum whereas SDO- Paikmal appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT- Domestic consumer having consumer No. 5154-1108-1781 with connected load of 1.00 KW. That the Complainant has raised objection regarding the amount of Rs.33775.99 added in his bill in May'2025 for meter change assessment. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

1. Submission of the Complainant:

1. The complainant submits that, an amount of Rs.33775.99 added in his bill in May'2025 resulted to accumulation of arrear.
2. He further submitted that his consumption has gone up due to the one water pump for domestic use purchased by him on 17-02-2024. He also submitted the tax invoice in support of his arguments.
3. He further submits that; he had made verbal complain to the respondent about the erroneous bill.
4. He also requested the Forum to revise the bills.

2. Reply Submission of the Respondent:

- i. The respondent submitted that an amount of Rs.33775.99 added in his bill in May'2025 for meter change assessment for defective period. The respondent also agreed upon that the consumer is using one water pump for domestic use after 17-02-2024. However, the respondent requested the Forum to take appropriate decision as necessary.

Findings and observations of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents, FG and Samadhan database (Licensee's soft records) and provisions of law have concluded as follows:

- a. That the complainant has been given power supply on 09-06-2020 with installation of a meter bearing Sl. No. LW675995 and bills on actual meter readings have been served up to Aug'2021 with a monthly average consumption of 46 units. From Sep'2021 to Mar'2024 provisional/average bills have been served due to defective meter with a monthly average consumption of 48 units.
- b. In the meanwhile, a new meter bearing Sl. No. TWB301115 has been installed on 26-04-2024 in the premises of the complainant. It is noted that the monthly average of new meter is 310 (six months average) units for which the respondent has made an upward assessment for the defective period and an amount of Rs.33775.99 added in his bill in May'2025.
- c. But as per submission made by the complainant and agreed by the respondent that as the consumer purchased one water pump for domestic use on 17-02-2024, the consumption has gone up.
- d. Therefore, it is decided by the Forum that the amount of Rs.33775.99 added in his bill in May'2025 is to be withdrawn.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

1. The bill revision amount of Rs.33775.99 for meter change assessment is to be withdrawn as per Section 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
2. Any adjustments done during the revision period are also to be taken in to consideration.
3. DPS charged on the wrong bills are also to be withdrawn.

The Opposite party is directed to submit the compliance report to this Forum within one month from the date of issue of this order.

Accordingly, the case is disposed of.
