Findings and observations of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents, FG and Samadhan database (Licensee's soft records) and provisions of law have concluded as follows:

- That, the power supply was given to the complainant on 16-08-2019 (As per FG database). That the complainant has been billed on provisional / average basis from Aug'2019 to Dec'2022.
- As per submission made by the respondent, the connection was released in Jan'2023 with installation of a new meter.
- Therefore, it is decided by the Forum that, the bills from Aug'2019 to Dec'2022 should be withdrawn.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

- As there was no supply available at the complainant premises, the average/provisional bills from Aug'2019 to Dec'2022 are to be withdrawn as per Section 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments done during the revision period are also to be taken in to consideration.
- DPS charged on the wrong bills are also to be withdrawn.

The Opposite party is directed to submit the compliance report to this Forum within one month from the date of issue of this order.

Accordingly, the case is disposed of.
