## **ORDER**

### **Brief Facts of the Case**

During the spot hearing at SDO Sohela under Bargarh West Electrical Division-II on 16-04-2026, the complainant appeared before the Forum whereas SDO Sohela appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT- Domestic consumer having consumer No. 5153-0101-0719 with connected load of 1.00 KW. That the Complainant has raised objection regarding the debit amount of Rs.28349.59 added in his bill in Mar'2026. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

### **Gist of Arguments made by the Parties**

Both parties were present in the hearing. The contentions made by the parties are as follows:

#### **1. Submission of the Complainant:**

1. The complainant submits that, debit amount of Rs.28349.59 added in his bill in Mar'2026 which resulted to accumulation of arrear.
2. He further submitted that his consumption has gone up as he has shifted to the house in Jul'2025 after the completion of construction of his house.
3. He further submits that; he had made verbal complain to the respondent about the erroneous bill.
4. He also requested the Forum to revise the bills.

#### **2. Reply Submission of the Respondent:**

- i. The respondent submitted the PVR dated 17-04-2026 with a written submission received on 28-04-2026 mentioning that the house was under construction and completed in Jun'2025.
- ii. The respondent also agreed upon the debit amount of Rs.28349.59 added in his bill in Mar'2026. The respondent also admitted that the same amount has been debited due to upward bill revision for the meter

defective period limited to 2 years only. However, the respondent requested the Forum to take appropriate decision as necessary.

## **Findings and observations of the Forum**

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents, FG and Samadhan database (Licensee's soft records) and provisions of law have concluded as follows:

1. It is noted from the billing database that the complainant has been given power supply on 27-04-2019 with installation of a new meter bearing Sl. No. WUS26665 and bills on actual meter readings have been raised up to Feb'2020. From Mar'2020 to Jun'2025 provisional/average bills have been raised.
2. In the meanwhile, a new meter bearing Sl. No. TWST15109140 was installed on 05-08-2025 in the premises of the consumer.
3. Taking the 6 months average consumption of new meter, it is noted that the monthly average consumption of new meter is 344 units. Therefore, the respondent has done upward bill revision for the meter defective period limited to 2 years only and an amount of Rs.28349.59 added in his bill in Mar'2026.
4. But as per submission of the complainant, his house construction was not completed and construction works were going on. He has shifted to the house in Jul'2025. In support of his argument, the complainant also submitted the invitation card for the new house ceremony which was on 30-06-2025.
5. The respondent has also certified that the house was under construction and completed in Jun'2025.
6. Therefore, it is decided by the Forum that the amount of Rs.28349.59 added in his bill in Mar'2026 is to be withdrawn.

## **Directions of the forum**

In view of the above findings and discussions, the Forum is of the view that,

1. The bill revision amount of Rs.28349.59 for meter change assessment is to be withdrawn as per Section 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
2. Any adjustments done during the revision period are also to be taken in to consideration.

3. DPS charged on the wrong bills are also to be withdrawn.

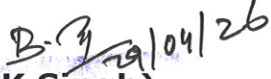

**The Opposite party is directed to submit the compliance report to this Forum within one month from the date of issue of this order.**

Accordingly, the case is disposed of.
