ORDER

Brief Facts of the Case

During the spot hearing camp at Jharbandh sub division under Bargarh West Electrical Division on 07-05-2026, the complainant appeared before the Forum whereas SDO-Jharbandh appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT- Domestic consumer having consumer No. 5154-1208-0450 with connected load of 1.00 KW. That the Complainant has raised objection regarding the wrong bill served to him for the month of Mar'2026. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

1. Submission of the Complainant:

1. The complainant submits that, wrong bill has been served to him for the month of Mar'2026 resulted to accumulation of arrear.
2. He further submits that; he had made verbal complain to the respondent about the erroneous bill.
3. He also requested the Forum to revise the bills.

2. Reply Submission of the Respondent:

- i. The respondent submitted the PVR dated 25-05-2026 mentioning that "wrong FMR of old meter has been entered during meter change. Actual FMR of old meter no. LW156818 is 1737 kwh".
- ii. However, the respondent requested the Forum to take appropriate decision as necessary.

Findings and observations of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents, FG and Samadhan database (Licensee's soft records) and provisions of law have concluded as follows:

1. It is noted from the billing database that the complainant has been given power supply on 26-05-2013 and bills on actual meter readings have been served up to Jan'2026 with a meter reading of 1733 of meter no. LW156818. No bill has been raised for Feb'2026.

2. In the meanwhile, a new meter bearing Sl. No. TWSU51076333 was replaced on 25-02-2026 against old meter bearing Sl. No. LW156818 with a FMR of "1737" but the FMR has wrongly been entered as "4138".
3. Due to which the bill for the month of Mar'2026 (raised for 2 months from Feb'26 to Mar'26) has been raised @ 2440 units in spite of new meter reading is "35" whereas the bill should be raised for 39 units only (1737-1733+35).
4. Therefore, it is decided by the Forum that the bill for the month of Feb-Mar'2026 should be revised.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

- The bill for the month of Feb'2026 to Mar'2026 is to be revised @ 39 units only as per Section 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments done during the revision period are also to be taken in to consideration.
- DPS charged on the wrong bills are also to be withdrawn.

The Opposite party is directed to submit the compliance report to this Forum within one month from the date of issue of this order.

Accordingly, the case is disposed of.
