ORDER

Brief Facts of the Case

During the spot hearing at Sohela Electrical Sub-division under Bargarh West Electrical Division camp on 06-06-2026, the complainant appeared before the Forum whereas SDO Sohela appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT- Domestic consumer having consumer No. 5153-0101-0117 with connected load of 2.00 KW. That the Complainant has raised objection regarding the debit amount of Rs.27283.58 added in his bill in Mar'2026. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

1. Submission of the Complainant:

1. The complainant submits that, the debit amount of Rs.27283.58 added in his bill in Mar'2026 resulted to accumulation of arrear.
2. The complainant also submits in his application that, it is a rented house and was vacant from 2023 to 2025 for renovation and repairing works. During the said periods he has paid all the average bills served by the respondent.
3. He further submits that; he had made verbal complain to the respondent about the erroneous bill.
4. He also requested the Forum to revise the bills.

2. Reply Submission of the Respondent:

- i. The respondent also agreed upon the debit amount of Rs.27283.58 added in his bill in Mar'2026. The respondent also admitted that the same amount has been debited due to upward bill revision for the meter defective period from Mar'2021 to May'2025 limited to two years only.

- 
- ii. The respondent also submitted PVR dated 09-06-2026 with a remark that "the said premises was vacant for renovation work for the period 2023 to 2025".
- iii. However, the respondent requested the Forum to take appropriate decision as necessary.

Findings and observations of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents, FG and Samadhan database (Licensee's soft records) and provisions of law have concluded as follows:

1. It is noted from the billing database that the complainant has been given power supply and bills on actual basis have been done up to Feb'2021 with a monthly average consumption of 321 units with meter no. 307395. From Mar'2021 to May'2025, provisional/average bills have been raised.
2. In the meanwhile, a new meter bearing Sl. No. TWST15088698 has been installed on 05-07-2025 in the premises of the consumer. It is noted by the Forum that the respondent has taken the new meter average from date of new meter installation to 01-02-2026 and bill has been revised @ 385 units per month and an amount of Rs.27283.58 added in his bill in Mar'2026.
3. As per submission made by the complainant and certified by the respondent that during the period from 2023 to 2025 the house was vacant due to renovation and repairing works and there was no consumption of electricity.
4. Therefore, it is construed by the Forum that, the bill revision for Rs.27283.58 added in his bill in Mar'2026 should be withdrawn.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

1. The bill revision amount of Rs.27283.58 added in his bill in Mar'2026 for meter change assessment is to be withdrawn as per Section 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
2. Any adjustments done during the revision period are also to be taken in to consideration.
3. DPS charged on the wrong bills are also to be withdrawn.

The Opposite party is directed to submit the compliance report to this Forum within one month from the date of issue of this order.

Accordingly, the case is disposed of.
