## **ORDER**

### **Brief Facts of the Case**

During the spot hearing camp at Melchhamunda section of Papadampur Electrical Sub-division of Bargarh West Electrical Division on 08-12-2025, the complainant appeared before the Forum whereas SDO- Padampur appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT- Domestic consumer having consumer No. 5152-0113-1721 with connected load of 0.50 KW. That the Complainant has raised objection regarding the high consumption bills served to him. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

### **Gist of Arguments made by the Parties**

Both parties were present in the hearing. The contentions made by the parties are as follows:

#### **1. Submission of the Complainant:**

1. The complainant submits that, high consumption bills have been served to him in Mar'2025 resulted to accumulation of arrear.
2. He further submits that; he had made verbal complain to the respondent about the erroneous bill.
3. He also requested the Forum to revise the bills.

#### **2. Reply Submission of the Respondent:**

- i. The respondent submitted the PVR dated 28-11-2025 mentioning the meter reading as "901" KWH of meter no. TWST15046280 with a remark "As per consumer's request, his service connection was reconnected in the month of Mar'2025 after payment of Rs.2000. At the time of reconnection consumer's meter found defective and meter reading was not visible.
- ii. The respondent also agreed upon abnormal bill in the month of Mar'2025 and average billing in Apr'2025 and agreed for revision of bills. However, the respondent requested the Forum to take appropriate decision as necessary.

  
**PRESIDENT**

**Grievance Redressal Forum  
TPWODL, Bargarh-768028**

## **Findings and observations of the Forum**

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents, FG and Samadhan database (Licensee's soft records) and provisions of law have concluded as follows:

1. That the complainant has been billed up to Jun'2022 with a meter reading of 1357 of meter no. 1039305. From Aug'2022 to Nov'2022 provisional/ average bills have been raised and from Dec'2022, no bills have been generated as supply was disconnected.
2. After reconnection, the bill was generated for the month of Mar'2025 on average basis @ of 5021 units for a period of 32 months.
3. But, as per submission by the respondent, the supply was reconnected in Mar'2025, therefore the bill served for the month of Mar'2025 for a period of 32 months is not as per records. And for the month of Apr'2025 the bill was served on average basis.
4. In the meanwhile, a new meter bearing Sl. No. TWST15046280 has been installed on 19-05-2025 in the premises of the complainant.
5. Therefore, it is decided by the Forum that, bills from Mar'2025 to Apr'2025 should be revised.

## **Directions of the forum**

In view of the above findings and discussions, the Forum is of the view that,

- The bills served to the complainant from Mar'2025 to Apr'2025 are to be revised as per the average of six consecutive billing of new meter as per Section 155 and 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments done during the revision period are also to be taken in to consideration.
- DPS charged on the wrong bills are also to be withdrawn.

**The Opposite party is directed to submit the compliance report to this Forum within one month from the date of issue of this order.**

Accordingly, the case is disposed of.
