ORDER

Brief Facts of the Case

During the spot hearing at Melchhamunda Electrical Section of Padampur Sub-division under Bargarh West Electrical Division on 08-12-2025, the complainant appeared before the Forum whereas SDO- Padampur appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT- Domestic consumer having consumer No. 5152-0308-2569 with connected load of 1.00 KW. That the Complainant has raised objection regarding the debit amount of Rs.2181.08 added in his bill in Aug'2025. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

1. Submission of the Complainant:

1. The complainant submits that, debit amount of Rs. 2181.08 added in his bill in Aug'2025 which resulted to accumulation of arrear.
2. He further submits that; he had made verbal complain to the respondent about the erroneous bill.
3. He also requested the Forum to revise the bills.

2. Reply Submission of the Respondent:

- i. The respondent also agreed upon the debit amount of Rs.2181.08 in the month of Aug'2025. The respondent also admitted that the same amount has been debited due to upward bill revision for the meter defective period from Oct'2024 to Dec'2024. The respondent also submitted in his PVR dated 29-12-2025 that "there is no power supply from Oct'2024 to Jan'2025." However, the respondent requested the Forum to take appropriate decision as necessary.

Findings and observations of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents, FG and Samadhan database (Licensee's soft records) and provisions of law have concluded as follows:

1. It is noted from the billing database that the complainant has been given power supply and bills on actual meter readings has been done up to Sep'2024 with meter no. LW624503. From Oct'2024 to Dec'2024, provisional/average bills with a monthly average of 173 units have been served.
2. In the meanwhile, a new meter bearing Sl. No. TWST15005237 was installed on 02-02-2025 in the premises of the consumer.
3. Taking the 6 months average consumption of new meter, it is noted that the monthly average consumption of new meter is 284 units. Therefore, the respondent has done upward bill revision from Oct'2024 to Dec'2024 and an amount of Rs.2181.08 has been added in the bill.
4. But, as submitted by the respondent in his PVR dated 29-12-2025 that "there is no power supply from Oct'2024 to Jan'2025."
5. Therefore, it is construed by the Forum that, the bill revision for Rs.2181.08 should be withdrawn.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

1. The bill revision amount of Rs. 2181.08 for meter change assessment is to be withdrawn as per Section 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
2. Any adjustments done during the revision period are also to be taken in to consideration.
3. DPS charged on the wrong bills are also to be withdrawn.

The Opposite party is directed to submit the compliance report to this Forum within one month from the date of issue of this order.

Accordingly, the case is disposed of.
