ORDER

Brief Facts of the Case

During the spot hearing at Gaisilat section of Padampur Sub-division under Bargarh West Electrical Division camp on 11-06-2026, the complainant appeared before the Forum whereas SDO- Padampur appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT- Domestic consumer having consumer No. 5152-0218-0010 with connected load of 1.00 KW. That the Complainant has raised objection regarding the high consumption bill in Aug'2024. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

1. Submission of the Complainant:

1. The complainant submits that, high consumption bill has been served to him in Aug'2024 due to which high billings have been done resulted to accumulation of arrear.
2. He further submits that; he had made verbal complain to the respondent about the erroneous bill.
3. He also requested the Forum to revise the bills.

2. Reply Submission of the Respondent:

- i. The respondent also agreed upon high consumption bill in Aug'2024 and agreed for revision of bills and submitted PVR dated 18-06-2026 received on 19-06-2026. However, the respondent requested the Forum to take appropriate decision as necessary.

Findings and observations of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents, FG and Samadhan database (Licensee's soft records) and provisions of law have concluded as follows:

- a. That the complainant has been given power supply with installation of a new meter bearing Sl. No. 378745 and bills on actual meter readings have been served up to Aug'2016 with a monthly average consumption of 25 units.

- b. Again, it is noted by the Forum that, from Sep'2016 to Jul'2024 provisional/average bills have been served due to defective meter with a monthly average consumption of 76 units.
- c. In the meanwhile, a new meter bearing Sl. No. TWSP51202532 has been installed on 01-09-2024 in the premises of the complainant and the bill for the month of Aug'2024 has been raised @ 2095 units despite the meter reading has been taken as "77" which is disputed by the complainant.
- d. Hence, the Forum construed that, the bill for the month of Aug'2024 should be revised.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

1. The bill for the month of Aug'2024 is to be revised as per the average of six consecutive billing of new meter as per Section 155 and 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
2. Any adjustments done during the revision period are also to be taken in to consideration.
3. DPS charged on the wrong bills are also to be withdrawn.

The Opposite party is directed to submit the compliance report to this Forum within one month from the date of issue of this order.

Accordingly, the case is disposed of.
