That the Complainant has raised objection regarding the debit amount of Rs.9750.03 added in his bill in Mar'2026. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

1. Submission of the Complainant:

1. The complainant submits that, debit amount of Rs.9750.03 added in his bill in Mar'2026 which resulted to accumulation of arrear.
2. He further submits that; he had made verbal complain to the respondent about the erroneous bill.
3. He also requested the Forum to revise the bills.

2. Reply Submission of the Respondent:

- i. The respondent submitted the PVR dated 18-06-2026 with a written submission of SDO Bhukta received on 18-06-2026.
- ii. The respondent also agreed upon the debit amount of Rs.9750.03 added in his bill in Mar'2026. The respondent also admitted that the same amount has been debited due to upward bill revision for the meter defective period limited to 2 years only. However, the respondent requested the Forum to take appropriate decision as necessary.

Findings and observations of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the

relevant documents, FG and Samadhan database (Licensee's soft records) and provisions of law have concluded as follows:

1. It is noted from the billing database that the complainant has been given power supply and bills on actual meter readings has been done up to Nov'2020 with meter no. 2410116 with a monthly average consumption of 46 units. From Dec'2020 to Feb'2024, provisional/average bills with a monthly average of 74 units have been served.
2. In the meanwhile, a new meter bearing Sl. No. TWSP51171636 was installed on 21-03-2024 in the premises of the consumer.
3. Taking the 6 months average consumption of new meter, it is noted that the monthly average consumption of new meter is 156 units and the respondent has revised the bills for meter change assessments from Mar'2022 to Feb'2024.
4. Therefore, it is construed by the Forum that, the bill revision done for meter defective period limited to 2 years only is as per Regulation 155 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019 and is justified.

Directions of the forum

After observing the facts and records, the Forum Construed that, as the bill revision done for Rs. Rs.9750.03 has been done as per Regulation, the Forum is constraint to pass any order in respect of the grievance petition of the complainant.

Hence the instant case is hereby dropped.

Accordingly, the case is disposed of.
