After which from Aug'2025, the consumer bill is generated in generated in commercial use but the consumer is using the power supply in Domestic."
- ii. The respondent also agreed upon change of category from General Purpose < 110KVA to Domestic and revision of average billing. However, the respondent requested the Forum to take appropriate decision as necessary.

Findings and observations of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents, FG and Samadhan database (Licensee's soft records) and provisions of law have concluded as follows:

1. That the complainant has been billed on Domestic category from the date of power supply i.e. 01-01-1990.
2. Further as per submission made by the complainant and certified by the respondent that from Aug'2025 the consumer is being billed in commercial purpose.
3. As per submission made by the respondent, for short period of time the power supply had been extended to an existing commercial connection for which the enforcement team imposed provisional assessment which was settled as per prevailing terms and conditions of TPWODL. After which from Aug'2025, the consumer bill is generated in generated in commercial use but the consumer is using the power supply in Domestic category.
4. As per Regulation 43 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019, *"If a consumer wishes to change his consumer category, he shall submit an application form to the licensee/supplier in the format given in Form No.1 or 2 to this Code. The licensee/supplier shall process the application form in accordance with the Regulation 21 of this Code. For site inspection and issuance & payment of demand note for the estimated cost of works, both the licensee/supplier and applicant shall follow the procedure and timelines as per provisions laid down in this Code. The licensee/supplier shall also note down the meter reading at the time of inspection. If on inspection, the consumer's request for reclassification is found valid, change of category shall be effective from the date of inspection and a written acknowledgment shall be sent to the consumer"*. The instant case has no records submitted from either of the parties regarding application for change of consumer category.

For this*

purpose, the consumer shall be duly given a 15 days' notice period to file objections, if any on the notice. The licensee/supplier after due consideration of the consumer's reply, if any, may alter the classification within 30 days thereafter through passing of necessary order and issuing letter, notice to that effect. Provided that if the consumer does not take steps within the time indicated in the notice to execute the fresh agreement, the engineer may, after issuing a clear fifteen days show cause notice and after considering his explanation, if any, may disconnect the supply of power observing due formalities as per law. Provided further that in case of any dispute, the matter shall be referred to the Grievance Redressal Forum constituted under the Electricity Act, 2003.
