ORDER

Brief Facts of the Case

During the spot hearing at Bheden Electrical Sub-division under Bargarh Electrical Division camp on 09-12-2025, the complainant appeared before the Forum whereas SDO Bheden appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT- General Purpose < 110KVA consumer having consumer No. 5125-2103-0350 with connected load of 0.50 KW. That the Complainant has raised objection regarding the average bills served to him and bills served to him in LT- General Purpose Category instead of Domestic category. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

1. Submission of the Complainant:

1. The complainant submits that, he was being billed on commercial category from the beginning but from Jun'2025 he is using the supply for domestic Category and also raised dispute on average billing
2. He further submits that; he had made verbal complain to the respondent about the erroneous bill.
3. He also requested the Forum to revise the bills.

2. Reply Submission of the Respondent:

- i. The respondent submitted the Physical Verification Report (PVR) dated 16-12-2025 with a written submission of SDO Bheden mentioning that "As per consumer's request for reconnection, power supply was reconnected after receiving payment of Rs.19000.00 on dated 25-06-2025. From that day the consumer is using this connection in Domestic purpose."
- ii. The respondent also agreed upon change of category from General Purpose < 110KVA to Domestic and revision of average billing. However, the respondent requested the Forum to take appropriate decision as necessary.

Findings and observations of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents, FG and Samadhan database (Licensee's soft records) and provisions of law have concluded as follows:

1. That the complainant has been billed on Commercial category from the date of power supply i.e. 15-02-2011 and bill on actual meter readings have been raised up to Feb'2016. From Mar'2016 to Mar'2023 average/provisional billing has been done and from Apr'2023 to May'2025 no bills have been raised as power supply was disconnected.
2. Further as per submission made by the complainant and certified by the respondent that from 25-06-2025 the consumer is using this connection in Domestic purpose.
3. As per Regulation 43 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019, "*If a consumer wishes to change his consumer category, he shall submit an application form to the licensee/supplier in the format given in Form No.1 or 2 to this Code. The licensee/supplier shall process the application form in accordance with the Regulation 21 of this Code. For site inspection and issuance & payment of demand note for the estimated cost of works, both the licensee/supplier and applicant shall follow the procedure and timelines as per provisions laid down in this Code. The licensee/supplier shall also note down the meter reading at the time of inspection. If on inspection, the consumer's request for reclassification is found valid, change of category shall be effective from the date of inspection and a written acknowledgment shall be sent to the consumer*".
4. Again, As per Regulation 140 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019, "*If it is found that a consumer has been classified in a particular category erroneously or the purpose of supply as mentioned in the agreement has changed or the consumption of power has exceeded the limit of that category or any order of reduction or enhancement of contract demand has been obtained, the engineer may reclassify him under appropriate category after issuing notice to him to execute a fresh agreement on the basis of the altered classification or modified contract demand. For this purpose, the consumer shall be duly given a 15 days' notice period to file objections, if any on the notice. The licensee/supplier after due consideration of the consumer's reply, if any, may alter the classification within 30 days thereafter through passing of necessary order and issuing letter, notice to that effect.*

Provided that if the consumer does not take steps within the time indicated in the notice to execute the fresh agreement, the engineer may, after issuing a clear fifteen days show cause notice and after considering his explanation, if any, may disconnect the supply of power observing due formalities as per law. Provided further that in case of any dispute, the matter shall be referred to the Grievance Redressal Forum constituted under the Electricity Act, 2003.

5. Therefore, it is decided by the Forum that, the tariff should be changed to Domestic category and average period bills are to be revised.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

- The tariff of the complainant is to be changed from General Purpose < 110KVA to Domestic category as Regulation 43 and 140 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- The bills from Apr'2021 to Mar'2023 (Two Years) are to be revised as per the average of six consecutive billing of new meter as per Section 155 and 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments done during the revision period are also to be taken in to consideration.
- DPS charged on the wrong bills are also to be withdrawn.

The Opposite party is directed to submit the compliance report to this Forum within one month from the date of issue of this order.

Accordingly, the case is disposed of.
