ORDER

Brief Facts of the Case

During the spot hearing camp at Barpali Electrical Sub-division under Bargarh West Electrical Division on 16-12-2025, the complainant appeared before the Forum whereas SDO- Barpali appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT- General Purpose < 110KVA consumer having consumer No. 5151-0212-0037 with connected load of 0.50 KW. That the Complainant has raised objection regarding the bills served to him in LT-General Purpose Category instead of Domestic category and high billing in Jul'2025. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

1. Submission of the Complainant:

1. The complainant submits that, he is being billed on LT-General Purpose Category from the beginning but now he is using the supply for domestic category. The complainant also raised objection regarding high billing for the month of Jul'2025 despite the supply was disconnected.
2. He further submits that; he had made verbal complain to the respondent about the erroneous bill.
3. He also requested the Forum to revise the bills.

2. Reply Submission of the Respondent:

- i. The respondent submitted the Physical Verification Report (PVR) dated 27-11-2025 mentioning that the "the total domestic load is 1.3 KW and commercial load is 107 watts" with a written submission of SDO Barpali received on 30-12-2025.
- ii. The respondent also agreed upon change of category from General Purpose < 110KVA to Domestic and agreed for revision of bills. However, the respondent requested the Forum to take appropriate decision as necessary.

TPWODL, Bargarh-760028**

Findings and observations of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents, FG and Samadhan database (Licensee's soft records) and provisions of law have concluded as follows:

1. That the complainant has been billed on General Purpose < 110KVA category from the date of power supply prior to the year 1990.
2. But later on, the complainant is using the power supply for domestic purpose.
3. As per Regulation 138 (a) of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019, which defines the Domestic category as "*This category relates to supply of power to residential premises for domestic purposes only which may include connected load for non-domestic purposes like offices, consultation chambers and other misc. loads up to 20% of the total connected load*". In this case the total load is 1.00 KW and the complainant can use 20% of the load up to 200 watts for other purpose and as mentioned by the respondent in his PVR the commercial load is 107 watts which is under the permissible limit.
4. Again, As per Regulation 140 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019, "*If it is found that a consumer has been classified in a particular category erroneously or the purpose of supply as mentioned in the agreement has changed or the consumption of power has exceeded the limit of that category or any order of reduction or enhancement of contract demand has been obtained, the engineer may reclassify him under appropriate category after issuing notice to him to execute a fresh agreement on the basis of the altered classification or modified contract demand. For this purpose, the consumer shall be duly given a 15 days' notice period to file objections, if any on the notice. The licensee/supplier after due consideration of the consumer's reply, if any, may alter the classification within 30 days thereafter through passing of necessary order and issuing letter, notice to that effect. Provided that if the consumer does not take steps within the time indicated in the notice to execute the fresh agreement, the engineer may, after issuing a clear fifteen days show cause notice and after considering his explanation, if any, may disconnect the supply of power observing due formalities as per law. Provided further that in case of any dispute, the matter shall be referred to the Grievance Redressal Forum constituted under the Electricity Act, 2003.*

5. It is also noted from the FG data that, the supply was disconnected from 24-12-2023 and reconnected on 06-08-2025 after payment of Rs.13000.00 while the bill for the month of Jul'2025 has been generated for 1102 units which should be withdrawn.
6. Therefore, it is decided by the Forum that, the tariff should be changed to Domestic category.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

- The tariff of the complainant is to be changed from General Purpose < 110KVA to Domestic category immediately as per Regulation 138 (a) and 140 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- The bill for the month of Jul'2025 should be withdrawn as supply was disconnected. Only fixed charges are to be claimed.
- Any adjustments done during the revision period are also to be taken in to consideration.
- DPS charged on the wrong bills are also to be withdrawn.

The Opposite party is directed to submit the compliance report to this Forum within one month from the date of issue of this order.

Accordingly, the case is disposed of.
