## **ORDER**

### **Brief Facts of the Case**

During the spot hearing camp at Attabira Sub-division under Bargarh Electrical Division on 17-12-2025, the complainant appeared before the Forum whereas SDO- Attabira appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT- Domestic consumer having consumer No. 5122-0305-0099 with connected load of 2.50 KW. That the Complainant has raised objection regarding the provisional/average bills served to him from Oct'2019 to Dec'2024 during the period in which no power supply was there as the complainant had gone to his native place due to her illness. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

### **Gist of Arguments made by the Parties**

Both parties were present in the hearing. The contentions made by the parties are as follows:

#### **1. Submission of the Complainant:**

1. The complainant submits that, provisional/average bills have been served to him from Oct'2019 to Dec'2024 during the period in which no power supply was there as she had gone to her native place due to her illness.
2. He further submits that; he had made verbal complain to the respondent about the erroneous bill.
3. He also requested the Forum to revise the bills.

#### **2. Reply Submission of the Respondent:**

- i. The respondent submitted the PVR dated 18-12-2025 mentioning that "the supply was disconnected for the period from Oct'2019 to Dec'2024."
- ii. The respondent also agreed for withdrawal of provisional/average bills during the disconnection period. However, the respondent requested the Forum to take appropriate decision as necessary.

### **Findings and observations of the Forum**

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents, FG and Samadhan database (Licensee's soft records) and provisions of law have concluded as follows:

1. It is noted from the billing database that the complainant has been given power supply on 01-01-1990 and bills on actual meter readings have been done up to Dec'2017. From Jan'2018 to Apr'2025, provisional/average bills have been raised.
2. As per submission of the complainant and respondent that the connection was disconnected from Oct'2019 to Dec'2024 in which no power supply was there as she had gone to her native place due to her illness.
3. Therefore, it is decided by the Forum that, the all the provisional/average bills generated against the complainant from Oct'2019 to Dec'2024 should be withdrawn.

### **Directions of the forum**

In view of the above findings and discussions, the Forum is of the view that,

- The provisional/average bills generated from Oct'2019 to Dec'2024 are to be withdrawn as per Section 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019. Only fixed charges are to be claimed.
- Any adjustments done during the revision period are also to be taken in to consideration.
- DPS charged on the wrong bills are also to be withdrawn.

**The Opposite party is directed to submit the compliance report to this Forum within one month from the date of issue of this order.**

Accordingly, the case is disposed of.
