He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

1. Submission of the Complainant:

1. The complainant submits that, he was being billed on Domestic category from the beginning but from Mar'2024 he is being billed under commercial Category.

Findings and observations of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the

relevant documents, FG and Samadhan database (Licensee's soft records) and provisions of law have concluded as follows:

1. That the complainant has been billed on Domestic category from the date of power supply i.e. 11-12-2020.
2. Further as per submission made by the complainant and certified by the respondent that from Mar'2024 the consumer is being billed in commercial purpose.
3. As per verbal submission made by the respondent, the consumer name is Pandab Sarbansh but in billing the name was wrongly mentioned as Pandab Sarpanch and wrongly categorized as commercial category under Panchayati Raj Department (Office Building).
4. As per Regulation 43 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019, *"If a consumer wishes to change his consumer category, he shall submit an application form to the licensee/supplier in the format given in Form No.1 or 2 to this Code. The licensee/supplier shall process the application form in accordance with the Regulation 21 of this Code. For site inspection and issuance & payment of demand note for the estimated cost of works, both the licensee/supplier and applicant shall follow the procedure and timelines as per provisions laid down in this Code. The licensee/supplier shall also note down the meter reading at the time of inspection. If on inspection, the consumer's request for reclassification is found valid, change of category shall be effective from the date of inspection and a written acknowledgment shall be sent to the consumer"*. The instant case has no records submitted from either of the parties regarding application for change of consumer category.
5. Again, As per Regulation 140 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019, *"If it is found that a consumer has been classified in a particular category erroneously or the purpose of supply as mentioned in the agreement has changed or the consumption of power has exceeded the limit of that category or any order of reduction or enhancement of contract demand has been obtained, the engineer may reclassify him under appropriate category after issuing notice to him to execute a fresh agreement on the basis of the altered classification or modified contract demand. For this purpose, the consumer shall be duly given a 15 days' notice period to file objections, if any on the notice. The licensee/supplier after due consideration of the consumer's reply, if any, may alter the classification within 30 days thereafter through passing of necessary order and issuing letter, notice to that effect. Provided that if the consumer does not take steps within the time indicated in the*

notice to execute the fresh agreement, the engineer may, after issuing a clear fifteen days show cause notice and after considering his explanation, if any, may disconnect the supply of power observing due formalities as per law. Provided further that in case of any dispute, the matter shall be referred to the Grievance Redressal Forum constituted under the Electricity Act, 2003.

6. Therefore, it is decided by the Forum that, the tariff should be reverted to Domestic category.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,
