Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

1. Submission of the Complainant:

relevant documents, FG and Samadhan database (Licensee's soft records) and provisions of law have concluded as follows:

- That, the power supply was given to the complainant on 09-12-1999. That the complainant has been billed on actual meter readings up to Jul'2021 with a meter reading of "23102" of meter no. 3798943 with a monthly average consumption of 89 units (average from Dec'2009 i.e. month of power supply to Jul'2021). From Aug'21 to May'23 provisional bills have been served.
- In the meanwhile, a new meter bearing Sl. No. LW598329 has been installed on 13-09-2021 (As per FG database) in the premises of the complainant but updated in Jun'2023 with a meter reading of "5986" and an amount of Rs.14157.21 has been added in the bill for a differential unit of 2520 units for a period from Sep'2021 to May'2023 with a monthly average of 120 units.
- It is also noted by the Forum that the new meter bearing Sl. No. LW598329 average has been recorded as 89 units per month (From Apr'24 to Feb'25) which leads the Forum to reconsider the bill revision done @ 120 units per month for the period from Sep'2021 to May'2023.
- To justify the date of meter change and bill revision, the respondent was also asked to submit meter change protocol sheet of meter no. LW598329 but, the same could not be produced before the Forum.
- Therefore, it is decided by the Forum that, the bill revision done by the respondent for the period from Sep'2021 to May'2023 should be revised.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

- As the date of meter change could not be confirmed, the bill revision done by the respondent for an amount of Rs.14157.21 for the period from Sep'2021 to May'2023 is to be withdrawn and bill revision for the same period bills are to be revised as per the average of six consecutive billing of new meter (From Sep'2023 to Feb'2024) as per Section 155 and 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments done during the revision period are also to be taken in to consideration.
- DPS charged on the wrong bills are also to be withdrawn.

The Opposite party is directed to submit the compliance report to this Forum within one month from the date of issue of this order.

Accordingly, the case is disposed of.
