## **ORDER**

### **Brief Facts of the Case**

During the spot hearing at Jharbandh Electrical Section of Paikmal Sub-division under Bargarh West Electrical Division on 08-05-2025, the complainant appeared before the Forum whereas SDO- Paikmal appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT- Domestic consumer having consumer No. 515412012306 with connected load of 1.00 KW. That the Complainant has raised objection regarding the Provisional bills served to him from the date of power supply. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

### **Gist of Arguments made by the Parties**

Both parties were present in the hearing. The contentions made by the parties are as follows:

#### **1. Submission of the Complainant:**

1. The complainant submits that, provisional bills have been served to him from the date of power supply resulted to accumulation of arrear.
2. He further submits that; he had made verbal complain to the respondent about the erroneous bill.
3. He also requested the Forum to revise the bills.

#### **2. Reply Submission of the Respondent:**

- i. The respondent submitted the PVR dated 08-05-2025 mentioning that the meter no. 2445144 has been installed from the date of power supply and running ok till date.
- ii. The respondent also agreed upon provisional bills and agreed for revision of bills. However, the respondent requested the Forum to take appropriate decision as necessary.

### **Findings and observations of the Forum**

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents, FG and Samadhan database (Licensee's soft records) and provisions of law have concluded as follows:

1. That the complainant has been given power supply on 10-03-2019, but bills have been generated from Jun'2023. It is also noted that bills have been generated on provisional basis from the date of power supply to Jun'2024. In Jul'2024, bill has been generated @779 units on actual meter reading basis by recording the meter reading as "779".
2. It is further noted no provisional bill adjustments have been done during the period.
3. Therefore, it is decided by the Forum that, the bills from date of power supply to Jul'2024 should be revised.

### **Directions of the forum**

In view of the above findings and discussions, the Forum is of the view that,

- The bills from date of power supply to Jul'2024 are to be revised taking the IMR as "0" and FMR as "779" as per Section 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments done during the revision period are also to be taken in to consideration.
- DPS charged on the wrong bills are also to be withdrawn.

**The Opposite party is directed to submit the compliance report to this Forum within one month from the date of issue of this order.**

Accordingly, the case is disposed of.
