## **ORDER**

### **Brief Facts of the Case**

During the spot hearing at Paikmal Sub-division under Bargarh West Electrical Division on 17-02-2026, the complainant appeared before the Forum whereas SDO- Paikmal appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT- Domestic consumer having consumer No. 5154-1106-0029 with connected load of 1.50 KW. That the Complainant has raised objection regarding the average bills served to him from Feb'2016 to Feb'2019. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

### **Gist of Arguments made by the Parties**

Both parties were present in the hearing. The contentions made by the parties are as follows:

#### **1. Submission of the Complainant:**

1. The complainant submits that, average bills have been served to him Feb'2016 to Feb'2019 resulted to accumulation of arrear.
2. He further submits that; he had made verbal complain to the respondent about the erroneous bill.
3. He also requested the Forum to revise the bills.

#### **2. Reply Submission of the Respondent:**

- i. The respondent also agreed upon average billing from Feb'2016 to Feb'2019 and agreed for revision of bills and submitted PVR dated 17-02-2026 received on 17-02-2026. However, the respondent requested the Forum to take appropriate decision as necessary.

### **Findings and observations of the Forum**

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents, FG and Samadhan database (Licensee's soft records) and provisions of law have concluded as follows:

- a. That the complainant has been given power supply with installation of a new meter and bills on actual meter readings have been served up to Jan'2016. From

Feb'2016 to Feb'2019 average/provisional bills have been served showing the meter as defective.

- b. In the meanwhile, a new meter bearing Sl. No. WLT104155 has been installed on 29-03-2019 in the premises of the complainant but updated in Aug'2020 with a meter reading of "1728" for a monthly average consumption of 96 units.
- c. Hence, the Forum construed that, the provisional/average bills should be revised.

### **Directions of the forum**

In view of the above findings and discussions, the Forum is of the view that,

1. The average bills served to the complainant from Mar'2017 to Feb'2019 (Two Years) are to be revised as per the average consumption recorded from date of installation of meter to Aug'2020 (96 units) as no monthly reading has been taken earlier as per Section 155 and 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
2. Any adjustments done during the revision period are also to be taken in to consideration.
3. DPS charged on the wrong bills are also to be withdrawn.

**The Opposite party is directed to submit the compliance report to this Forum within one month from the date of issue of this order.**

Accordingly, the case is disposed of.
