**GRF Case No- BGH/75/2024**

(1) Sri Gajendra Pradhan  
At/PO-Jhiliminda,  
Godbhaga  
Dist- Bargarh,  
Consumer No.- 5122-2425-0010

**COMPLAINANT**

**VRS**

(1) SDO (Elect.), Atabira, TPWODL

**OPPOSITE PARTY**

**GIST OF THE CASE**

The Complaint petition filed in the name of Sri Gajendra Pradhan, At/PO-Jhiliminda, Godbhaga objected about monthly energy bills raised on General Purpose tariff since the date of supply instead of domestic tariff as the supply is being utilized for domestic purpose. The Complainant prayed before the Forum to direct the Opposite Party to resolve the billing dispute accordingly.

**SUBMISSION OF OPPOSITE PARTY**

The Opposite Party submitted the Physical Verification Report dt. 22.07.2024. In reply to the case the Opposite Party submitted that, on field verification, it was found that, the complainant is utilising the power supply for Domestic purpose. Therefore, the Opposite Party urged before the Forum to issue necessary order for reclassification of the complainant's category.

**OBSERVATION**

The case is perused with all documents available in record and merit of the case. The complainant is an existing consumer of electricity under the operational area of TPWODL bearing Consumer No-5122-2425-0010, having CD-0.64KW, under LT-General Purpose category, under ESO, Godbhaga. On scrutinizing the records in detail, it was observed that, monthly energy bills are being raised on General Purpose tariff till last billing i. e May 2024. Actual energy bill was generated in the month of Mar 2024. Whereas, the power supply status is mentioned as "Disconnected" in the billing month of May 2024.

The complainant's petition for reclassification of tariff from General Purpose to Domestic category is not supported by any copy of application, documents or records. Further, the Opposite Party also couldn't produce any proof of application made earlier by the complainant to the opposite party with regard to change of consumer category.

Regulation-43 of OERC Distribution (Conditions of Supply) Code 2019, states that "*If a consumer wishes to change his consumer category, he shall submit an application form to the licensee/supplier in the format. The licensee/supplier shall process the application form in accordance with the Regulation 21 of this Code. For site inspection and issuance & payment of demand note for the estimated cost of works, both the licensee/supplier and applicant shall follow the procedure and timelines as per provisions laid down in this Code. The licensee/supplier shall also note down the meter reading at the*

time of inspection. If on inspection, the consumer's request for reclassification is found valid, change of category shall be effective from the date of inspection and a written acknowledgment shall be sent to the consumer. Within thirty (30) days from the date of acceptance of application from the consumer, the licensee/supplier shall effect change of consumer category. Provided that if the licensee/supplier does not find the request for reclassification valid, it shall inform the applicant in writing, giving reason(s) for the same, within 10 days from date of inspection. For the period in which the consumer's application for reclassification is pending, the consumer shall not be liable for any action on grounds of unauthorized use of electricity, to the extent the electricity is utilized in the manner applicable to the reclassified category for which the application has been made. In such case the effective date of change of classification shall be reckoned from the 1st day of the month following the month in which the application is complete in all respect was received by the licensee/supplier. Provided further, no consumer will be permitted to change the category of the service connection from any low-tension category (other than agriculture) to low-tension category for agriculture".

Further, Regulation-140 of OERC Distribution (Conditions of Supply) Code 2019, states that "If it is found that a consumer has been classified in a particular category erroneously or the purpose of supply as mentioned in the agreement has changed or the consumption of power has exceeded the limit of that category or any order of reduction or enhancement of contract demand has been obtained, the engineer may reclassify him under appropriate category after issuing notice to him to execute a fresh agreement on the basis of the altered classification or modified contract demand. For this purpose, the consumer shall be duly given a 15 days notice period to file objections, if any on the notice. The licensee/supplier after due consideration of the consumer's reply, if any, may alter the classification within 30 days thereafter through passing of necessary order and issuing letter, notice to that effect. Provided that if the consumer does not take steps within the time indicated in the notice to execute the fresh agreement, the engineer may, after issuing a clear fifteen days show cause notice and after considering his explanation, if any, may disconnect the supply of power observing due formalities as per law".

In this instant case, the Physical Verification Report drawn on 22.07.2024 certified the purpose of supply being domestic. Hence in absence of any previous application submitted by the complainant for reclassification of category, the Forum construed that, the complainant's tariff may be reclassified to Domestic tariff from the date of present physical Verification made by the ESO, Larambha i.e 22.07.2024 observing due official formalities.

### **ORDER**

Considering the documents and statements submitted by both the parties and agreed upon at the time of hearing, the Forum hereby passes orders in consonance with regulations of the OERC Distribution (Conditions of Supply) Code 2019.

- 1) The Opposite Party is directed to reclassify the complainant's category to Domestic tariff prospectively from 22.07.2024, on the basis of certification made in physical verification report dt. 22.07.2024, with due observations of official formalities and in accordance with regulatory provisions of OERC Distribution (Conditions of Supply) Code,2019.
- 2) The Opposite Party is advised to reassess the energy bills already raised, based on the physical inspection report as carried out above, for the period of dispute as per petition filed by the complainant, observing due official formalities, after proper examination of factual reports,

statements, applications made earlier by the complainant and in consonance with Regulations framed by Hon'ble OERC under OERC Distribution (Conditions of supply) Code 2019, after due adjustment of bill revision made earlier and or, the benefit arising out of OTS scheme if any.

- 3) The Opposite Party is advised to serve the revised energy charges bill with revised due date within 30 days from the receipt of this Order, upon revision of previous bills, if any, to which the consumer is liable to pay.
- 4) The Complainant is directed to pay the revised billed amount so arrived, if any, within due date after receipt of the revised energy charges bill, to which the complainant is liable to pay.

**The Opposite party is directed to submit the compliance report to this Forum within one month from the date of issue of this order.**

Accordingly, the case is disposed of.
