ORDER

Brief Facts of the Case

During the spot hearing at ESO-Bheden of Bheden Electrical Sub-Division under Bargarh Electrical Division camp on 25-06-2025, the complainant appeared before the Forum whereas SDO- Bheden appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT-IRRIGATION PUMPING AND AGRICULTURE consumer having consumer No. 5120-0103-7171 with connected load of 2.00 HP. That the Complainant has raised objection regarding the bills served to him in LT-Temp. Supply Domestic Category instead of LT- IRRIGATION PUMPING AND AGRICULTURE category. He requested for revision of category and bills and mentions about verbal complaint being made to the respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

1. Submission of the Complainant:

- 1. The complainant submits that, he was being billed on LT- IRRIGATION PUMPING AND AGRICULTURE category from the beginning but later on he is being billed in LT- Temp. Supply Domestic.
- 2. He further submits that; he had made verbal complain to the respondent about the erroneous bill.
- 3. He also requested the Forum to revise the category and bills.

2. Reply Submission of the Respondent:

- i. The respondent submitted the Physical Verification Report (PVR) dated 29-07-2025 mentioning that the "consumer is using IRRIGATION PUMPING AND AGRICULTURE power supply" with a written submission of Superintending Engineer, BED, Bargarh received on 31-07-2025.
- ii. That, on 27-02-2025, the Enforcement team verified the premises of the consumer and found unauthorized extension to the construction load near the premises. On the strength of the inspection penalty levied and category has been reclassified to LT- Temp. Supply Domestic. Later on with

Page 2 of 5

PRESIDENT Grievance Redressal Forum TPWODL, Bargarh-768028 due observation of official formalities the penalty was settled and the consumer has already paid the settled assessment amount.

- iii. That, after receipt of the complaint from the consumer that the premises has been inspected on 29-07-2025 and found that the consumer is availing power supply for irrigation and purpose and the connected load is a 2HP motor.
- iv. The respondent also agreed upon change of category from LT- Temp. Supply Domestic to IRRIGATION PUMPING AND AGRICULTURE and agreed for revision of bills. However, the respondent requested the Forum to take appropriate decision as necessary.

Findings and observations of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents, FG and Samadhan database (Licensee's soft records) and provisions of law have concluded as follows:

- 1. That the complainant has been billed on LT- IRRIGATION PUMPING AND AGRICULTURE category from the date of power supply i.e. 28-02-2020.
- 2. That, an inspection was carried out on 27-02-2025 and a penalty of Rs.15585.00 was levied for using a Temp. Domestic connection. The penalty amount was settled at Rs.7793.00 and also paid by the complainant but the category has been changed from LT- IRRIGATION PUMPING AND AGRICULTURE to LT- Temp. Supply Domestic from Feb'2025. But now it is confirmed by the respondent that the supply is being used for LT- IRRIGATION PUMPING AND AGRICULTURE.
- 3. As per Regulation 43 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019, "If a consumer wishes to change his consumer category, he shall submit an application form to the licensee/supplier in the format given in Form No.1 or 2 to this Code. The licensee/supplier shall process the application form in accordance with the Regulation 21 of this Code. For site inspection and issuance & payment of demand note for the estimated cost of works, both the licensee/supplier and applicant shall follow the procedure and timelines as per provisions laid down in this Code. The licensee/supplier shall also note down the meter reading at the time of inspection. If on inspection, the consumer's request for reclassification is found valid, change of category shall be effective from the date of inspection and a written acknowledgment shall be sent

Page 3 of 5

PRESIDENT Grievance Redressal Forum TPWODL, Bargarh-768028 to the consumer". The instant case has no records submitted from either of the parties regarding application for change of consumer category. As per certification made by ESO-Bheden, submitted in Physical Verification Report (PVR) dated 29-07-2025, the complainant consumer is using the power supply for IRRIGATION PUMPING AND AGRICULTURE purpose. The respondent could not produce any documents before the Forum regarding previous action taken to reclassify the consumer category.

- 4. Again, As per Regulation 140 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019, " If it is found that a consumer has been classified in a particular category erroneously or the purpose of supply as mentioned in the agreement has changed or the consumption of power has exceeded the limit of that category or any order of reduction or enhancement of contract demand has been obtained, the engineer may reclassify him under appropriate category after issuing notice to him to execute a fresh agreement on the basis of the altered classification or modified contract demand. For this purpose, the consumer shall be duly given a 15 days' notice period to file objections, if any on the notice. The licensee/supplier after due consideration of the consumer's reply, if any, may alter the classification within 30 days thereafter through passing of necessary order and issuing letter, notice to that effect. Provided that if the consumer does not take steps within the time indicated in the notice to execute the fresh agreement, the engineer may, after issuing a clear fifteen days show cause notice and after considering his explanation, if any, may disconnect the supply of power observing due formalities as per law. Provided further that in case of any dispute, the matter shall be referred to the Grievance Redressal Forum constituted under the Electricity Act, 2003.
- 5. As the penalty has been settled, it is decided by the Forum that, the tariff should be reverted to LT- IRRIGATION PUMPING AND AGRICULTURE.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

- The tariff of the complainant is to be reverted from LT- Temp. Supply Domestic to LT- IRRIGATION PUMPING AND AGRICULTURE category immediately as Regulation 43 and 140 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- The bills from Feb'2025 to Jun'2025 are to be revised as per the LT- IRRIGATION PUMPING AND AGRICULTURE tariff as per Section 155 and 157 of Odisha

Electricity Regulatory Commission Distribution (Conditions of Supply)

2019.

 Any adjustments done during the revision period are also to be taken consideration.

DPS charged on the wrong bills are also to be withdrawn.

The Opposite party is directed to submit the compliance report to this Forum within one month from the date of issue of this order.

Accordingly, the case is disposed of.
