by the complainant for the average billing from the date of power supply to Jan.-2021 is a genuine dispute. A new meter with sl. no. LW508092 has been installed on 30th Nov. 2020, thereafter actual billing has been done. As the above-stated period bill has not been revised, it needs bill revision as per CI-155 & 157 of OERC Regulation (Conditions of Supply) Code 2019.

Considering the above, the OP requested before the Forum for revision of previous disputed bills and pass order as deemed fit.

FINDINGS AND ANALYSIS OF THE FORUM

The consumer is a LT-Dom. consumer with a CD of 1 KW. The consumer has availed power supply since 15th Jul. 2018 and total outstanding upto Aug.-2025 is ₹ 20,013.45p, thereafter no bill has been generated. As complained by the complainant and submission of OP, it is observed by the Forum that,

The consumer has availed power supply without meter from the date of supply to Jan.-2021 which violates CI-97 (ii) of OERC Dist. Conditions of Supply) Code 2019 which is a gross negligence on the part of OP which should not be. The Forum has taken this as a **serious note** and warned the OP not to repeat such things in future.

The OP admitted the complaint and submitted that a new meter with sl. no. LW508092 has been installed on 30th Nov. 2020, thereafter actual billing has been done. The defective billing period needs bill revision as per consumption of new meter as per CI-155 of OERC Regulation (Conditions of Supply) Code 2019.

In the instant case, it is surprised that the OP has allowed the consumer to continue with defective meter for more than two years which violates CI-155 of OERC Distribution (Conditions of Supply) Code-2019 and also attracts under Schedule-III of Guaranteed Standard of Performance of OERC Distribution (Conditions of Supply) Code. Hence, it is advised the OP to be more proactive for replacement of defective meter within standard time as prescribed by Hon'ble OERC. Due to delay in installation of new meter, average billing was done which could have been avoided if the OP has installed the meter without delay for which it is advised to the OP to be taken care in future.

During the course of hearing, the OP has admitted with the billing complaints and initiated bill revision process on the spot observing departmental guidelines. Accordingly, the monthly bill has been recalculated with the consumption and an amount of ₹ 7,238.91p is to be withdrawn from the arrear outstanding.

The complainant has not paid the monthly bill regularly for which the total outstanding has been accumulated to ₹ 20,013.45p upto Aug.-2025.

In view of above facts and circumstances and after going through the documents submitted by both the parties, the Forum pronounces the following order as per regulations of the OERC Distribution (Conditions of Supply) Code 2019.

The OP has agreed with the billing dispute and revised the bill on spot and the petitioner has convinced with the proposed withdrawal amount of ₹ 7,238.91p. Hence, the Forum directed the OP to carry-out the revision proposal and must be reflected in the next bill.
