SUBMISSION OF OPPOSITE PARTY DURING HEARING

The OP appeared before the Forum with relevant record. On defence, he intimated that the consumer is a LT-Dom. consumer availing power supply since Oct-2004. The billing dispute raised by the complainant for the additional bill of ₹ 8,932.75p has been raised in Jan.-2026 bill in obedience to CI-155 of OERC Dist. (Conditions of Supply) Code 2019 which is liable to pay by the consumer. The reason of additional bill raised due to average billing made from Dec-2023 to Jan-2024 due to meter defective. On 10th Feb. 2024, the defective meter has been replaced with a new meter having meter no. TWST1700204. After meter replacement, the monthly bills have been generated on actual basis. The additional bill of ₹ 8,932.75p has been raised based on the consumption pattern of succeeding six months and assessed for the meter defective period.

MEMBER (Fin.)

PRESIDENT

Based on the above, the OP requested before the Forum to reject the complaint of complainant and pass order as deemed fit.

FINDINGS AND ANALYSIS OF THE FORUM

The consumer is a LT-Dom. consumer with a CD of 3 KW. The consumer has availed power supply since 04th Oct. 2004 and total outstanding upto Feb.-2026 is ₹ 8,932.72p. As complained by the complainant and submission of OP, it is observed by the Forum that,

As represented by the consumer, an additional bill of ₹ 8,932.75p has been added in the bill of Jan.-2026 which needs to be withdrawn. The OP submitted with relevant record that, the energy meter installed in the premises was gone defective w.e.f. Dec.-2023 and continued with same status till 10th Feb. 2024. The OP has replaced the defective meter with a new meter on 10th Feb. 2024 with meter no. TWST1700204 and has been reflected in the bill. Thereafter, the monthly energy bill has been raised on actual meter reading basis. The dispute has raised for imposition of additional bill of ₹ 8,932.75p was due to delay replacement of meter by the OP.

In the instant case, the Forum observed that the OP has taken pro-active action for replacement of defective meter and the defective meter has been replaced within two months. The Forum appraised the initiative action of OP and advised to make more pro-active so that the defective meter should be replaced within the same month.

During the course of hearing, the OP admitted with the billing complaints and intimated that they have initiated re-assessment of upward assessment observing departmental guidelines. Accordingly, the re-assessed amount has been recalculated with the consumption and an amount of ₹ 7,460.72p is to be debited and ₹ 8,932.75p which was debited in the bill of Jan-2026 is to be withdrawn from the arrear outstanding.

In view of above facts and circumstances and after going through the documents submitted by both the parties, the Forum pronounces the following order as per regulations of the OERC Distribution (Conditions of Supply) Code 2019.

The OP has initiated the re-assessment of upward assessed amount and the petitioner has convinced with the proposal. Accordingly, the re-assessed amount of ₹ 7,460.72p is to be debited and the upward assessment of ₹ 8,932.75p which was debited in the bill of Jan.-2026 is to be withdrawn. Hence, the Forum directed the OP to carry-out the revision proposal and must be reflected in the next bill.

Case is disposed off accordingly.

Compliance report must be submitted to the Forum by the opposite party within one month after receipt of GRF order otherwise it will be treated as non-compliance.
