SUBMISSION OF OPPOSITE PARTY DURING HEARING

The OP appeared before the Forum with relevant records. On defence, he intimated that the consumer is a LT-Irr. consumer availing power supply since Nov.-2017. The billing dispute raised by the complainant for the fictitious billing during transformer break-down period requires field verification for which seven days time may be allowed.

Considering the above, the OP requested before the Forum to allow 7 day time to submit the physical verification report.

REMARKS OF FIELD VERIFICATION REPORT OF O.P.

The OP was undertaken to submit a detailed report within 7 days before the Forum but they were inspected the premises the premises on 21st May 2026 and submitted the report before the Forum on 22nd May 2026 and certified that the distribution transformer was under break-down till Jun-2024 and the consumer was not availed power supply during that period. The inspection conducted and report generated by OP dated 21st May 2026 has taken into record.

FINDINGS AND ANALYSIS OF THE FORUM

The consumer is a LT-Irr. consumer with a CD of 2.5 KW. As per record, the consumer has availed power supply since 12th Nov. 2017 and total outstanding upto Apr.-2026 is ₹ 17,863.50p. As complained by the complainant and submission of OP, it is observed by the Forum that,

The complainant disputed that due to burnt of transformer, he was not availed power supply from the year 2022 to Jun-2024 where the OP has raised fictitious bill during that period which requires to be withdrawn. Against that, the OP was asked seven day time to verify the matter and will make field inspection. They were undertaken to submit a detailed report within 7 days before the Forum. The OP inspected the premises the premises on 21st May 2026 and submitted the report before the Forum on 22nd May 2026 and certified that the distribution transformer where the consumer availing power supply was under break-down till Jun-2024. On 10th Feb. 2024, a new meter with sl. no. TWSC59003700 has been installed. Hence, the Forum is of the opinion that the distribution transformer has been installed on 10th Feb. 2024 i.e. at the time of new meter installation. Thereafter, power supply has been restored on the same day. The inspection report dated 21st May 2026 submitted by SDO-Sonepur has been taken into record.

From the above, it is clear evident that power supply to the consumer was under disconnection from Apr.-2022 to 10th Feb. 2024 due to burnt of transformer. Hence, the bills raised during no supply period needs bill revision as per OERC Regulation (Conditions of Supply) Code 2019 to redress the consumer grievances. While analysing the billing data, it came to the knowledge of the Forum that the consumer has availed power supply without meter and continued till Jan-2024 which is a gross negligence on the part of licensee and violates the OERC Regulation.

In view of above facts and circumstances and after going through the documents submitted by both the parties, the Forum pronounces the following order as per regulations of the OERC Distribution (Conditions of Supply) Code 2019.

- 1. The energy bills raised to the consumer from 10th Feb. 2022 to 09th Feb. 2024 must be withdrawn as there was no power supply to the consumer premises. Only MMFC is to be charged as per CI-1 of the standard agreement executed by the petitioner with the opposite party.**
