FINDINGS AND ANALYSIS OF THE FORUM

The consumer is a LT-Dom. consumer with a CD of 0.4 KW. The consumer has availed power supply since 28th Jul. 2010 and total outstanding upto Mar.-2025 is ₹ 7,339.17p. As complained by the complainant and submission of OP, it is observed by the Forum that,

1. The consumer represented that power supply to his premises has been disconnected since last 2 to 3 years but provisional bills have been generated every month which needs to be withdrawn.
2. Against that, the OP was asked seven day time to verify the matter and will make field inspection. They were undertaken to submit a detailed report within 7 days before the Forum. The OP inspected the premises on 29th Apr. 2025 and submitted the report before the Forum on 03rd May 2025 and certified that the existing meter (meter sl. no. LW611007, Make : Linkwell) has no display. Also, the consumer is availing power supply through the said defective meter. The inspection report dated 29th Apr. 2025 submitted by ESO-Ullunda has been taken into record.
3. The Forum examined the billing pattern and found that erroneous billing as well as provisional billing has been done from Jun-2022 onwards.
4. Hence, it is concluded that the present meter i.e. meter no. LW611007 is a defective one and needs to be replaced with a new one. Accordingly, the bills raised with the said meter from Jun-2022 to till the date of meter replacement needs to be revised under CI-155 & 157 of OERC Distribution Code-2019 to redress the consumer grievances.

In view of above facts and circumstances and after going through the documents submitted by both the parties, the Forum pronounces the following order as per regulations of the OERC Distribution (Conditions of Supply) Code 2019.

1. A new meter is to be installed immediately to ascertain actual consumption as well as proper billing.
2. Based on succeeding six months average consumption of new meter to be installed, the energy bill of the consumer must be revised from the date of meter installed to the preceding two year (restricted to two year) under CI-155 & 157 of OERC Regulation Code 2019.
3. All sundries and adjustments are to be considered during the above revision period.

Case is disposed off accordingly.

Compliance report must be submitted to the Forum by the opposite party within seven months after receipt of GRF order otherwise it will be treated as non-compliance.
