bills are raised on actual meter reading basis. Hence, the petition of the complainant should be rejected.

Considering the above, the OP requested before the Forum to pass order as deemed fit.

FINDINGS AND ANALYSIS OF THE FORUM

The consumer is a LT-SPP. consumer with a CD of 5 KW. The consumer has availed power supply since 21st Feb. 2018 and the arrear outstanding upto Aug-2025 is ₹ 1,02,708.28p. As complained by the complainant and submission of OP, it is observed by the Forum that,

1. The energy meter of the consumer has been replaced with a new technological upgraded meter on 28th Feb. 2020 with meter sl. no. WSC45043. The consumer has been disputed the accuracy of the meter and represented that the said meter is showing excess consumption than actual consumption.
2. In response to that, the Forum directed the complainant to deposit the required meter testing fees with the licensee within seven days and directed the OP to test the meter by the MMG team at the earliest with submission of detailed report to the Forum. Accordingly, the complainant deposited the required testing fees of ₹ 1,500/- on the same day vide receipt no. 44741212092509090001. The MMG team has tested the meter on 22nd Sep. 2025 and submitted the report before the Forum on 23rd Sep. 2025. The abstract of the PVR is,

“The consumer bearing SC no. 911001120152, a testing of meter was conducted. All the results of the meter was found within limit.”

The meter test conducted by MMG team and report generated on 22nd Sep. 2025 has taken into record.

3. Hence, it is concluded that the present meter i.e. meter no. WSC45043 is out of error.

In view of above facts and circumstances and after going through the documents submitted by both the parties, the Forum pronounces the following order as per regulations of the OERC Distribution (Conditions of Supply) Code 2019.

The accuracy of meter (meter sl. no. : WSC45043) disputed by the complainant was tested on 22nd Sep. 2025 and found error is within permissible limit. Hence, the petition of the complainant regarding dispute on meter accuracy is hereby rejected and directed to clear the arrear outstanding.
