ORDER
(Dt.17.09.2024)

HISTORY OF THE CASE

The Complainant is a LT-Dom. consumer availing a CD of 1 KW. He has disputed the average bills raised from Nov.-2021 to Mar.-2024 due to meter defective. He has also submitted his grievances for revision of bill. The complainant needs suitable bill revision for the said period.

The case was heard in detail.

PROCEEDING OF HEARING DATED : 28.08.2024

SUBMISSION OF COMPLAINANT DURING HEARING

The complainant is a consumer under Khaprakhol section of Patnagarh Sub-division. The consumer represented that he was served with average bills from Nov-2021 to Mar.-2024 due to meter defective. For that, the arrear has been accumulated to ₹ 14,297.50p upto Jul.-2024. The complainant raised dispute against the said period and requested before the Forum for suitable revision of the bill.

SUBMISSION OF OPPOSITE PARTY DURING HEARING

The OP appeared before the Forum with relevant record. On defence, he intimated that the consumer is a LT-Dom. consumer availing power supply since Feb.-2020. The billing dispute raised by the complainant for the average billing from Nov-2021 to Mar.-2024 was due to meter defective for that period. A new meter with sl. no. TWB141371 has been installed on 29th Apr. 2024, thereafter actual billing is going on. As the above-stated period bill has not been revised, it needs bill revision.

Considering the above, the OP requested before the Forum for revision of previous disputed bills and pass order as deemed fit.

FINDINGS AND ANALYSIS OF THE FORUM

The consumer is a LT-Dom. consumer with a CD of 1 KW. The consumer has availed power supply since 20th Feb. 2020 and the arrear outstanding upto Jul.-2024 is ₹ 14,297.50p. As complained by the complainant and submission of OP, it is observed by the Forum that,

1. As represented by the consumer, due to meter defective, he was served with average bills from Nov-2021 to Mar-2024 with meter no. WESCO9234967 which needs bill revision.

The OP admitted the complaint and submitted that a new meter has been installed with meter no. TWB141371 on 29th Apr. 2024 and thereafter actual billing is going on. The defective billing period needs bill revision as per consumption of new meter.

In the instant case, it is surprised that the OP has allowed the consumer to continue with defective meter for more than two years. Due to delay in installation of new meter, average billing was done which could have been avoided if the OP has installed the meter without delay for which it is advised to the OP to be taken care in future.

2. The complainant has not paid the monthly bill regularly for which the arrear has been accumulated to ₹ 14,297.50p upto Jul.-2024.
3. On scrutiny of the documents, it is observed by the Forum that the bills raised during meter defective period needs bill revision under CI-155 & 157 of OERC Distribution Code-2019 to redress the consumer grievances.

In view of above facts and circumstances and after going through the documents submitted by both the parties, the Forum pronounces the following order as per regulations of the OERC Distribution (Conditions of Supply) Code'2019.

1. The energy bills raised to the consumer from Apr-2022 to Mar-2024 (restricted to two year) are to be revised as per succeeding six months average consumption of new meter by considering IMR: 0 (29.04.2024) & FMR of Oct.-2024 under CI-155 & 157 of OERC Distribution Code 2019.
2. DPS is to be levied as per OERC Regulation.
3. All sundries and adjustments are to be considered during the above revision period.

Case is disposed off accordingly.

Compliance report must be submitted to the Forum by the opposite party within two months after receipt of GRF order otherwise it will be treated as non-compliance.
