HISTORY OF THE CASE

The Complaint petition filed by the consumer Shri Sambodhan Deep who is a LT-Dom. consumer availing a CD of 2 KW. He has disputed the average bills raised from Oct-2021 to Nov-2022 for defective meter billing. He has also submitted his grievances for revision of bill. The complainant needs suitable bill revision for the said period.

The case was heard in detail.

PROCEEDING OF HEARING DATED : 04.09.2024

SUBMISSION OF COMPLAINANT DURING HEARING

The complainant is a consumer under Saintala section of Saintala Sub-division. The consumer represented that he has received energy bill with defective meter from Oct-2021 to Nov-2022. For that, the arrear has been accumulated to ₹ 34,125.33p upto Jul.-2024. The complainant raised dispute against the said period and requested before the Forum for suitable revision of the bill.

SUBMISSION OF OPPOSITE PARTY DURING HEARING

The OP appeared before the Forum with relevant record. On defence, he intimated that the consumer is a LT-Dom. consumer availing power supply since Jan.-1999. The billing dispute raised by the complainant for the average billing from Oct-2021 to Nov-2022 was due to meter defective. A new meter with sl. no. TPWODL1108502 has been installed on 10th Dec. 2022, thereafter actual billing is going on. As the above-stated period bill has not revised, it needs bill revision.

Considering the above, the OP requested before the Forum for revision of previous disputed bills and pass order as deemed fit.

FINDINGS AND ANALYSIS OF THE FORUM

The consumer is a LT-Dom. consumer with a CD of 2 KW. The consumer has availed power supply since 31st Jan. 1999 and the arrear outstanding upto Jul.-2024 is ₹ 34,125.33p. As complained by the complainant and submission of OP, it is observed by the Forum that,

1. Due to meter defective, the consumer was served with average bills from Oct-2021 to Nov-2022 with meter no. 8046650 resulting accumulation of arrear outstanding. A new meter has been installed by OP with meter no. TPWODL1108502 on 10th Dec. 2022, thereafter actual billing is going on. In the instant case, it is surprised that the OP has allowed the consumer to continue with defective meter for more than one year. In the above case, due to delay in installation of new meter, average billing was done which could have been avoided if the OP was installed the meter without delay for which it is advised to the OP to take some pro-active measure for early replacement of defective meter.

On scrutiny of the documents, it is observed by the Forum that the bills raised during meter defective period needs bill revision under CI-155 & 157 of OERC Dist. (Conditions of Supply) Code 2019 to redress the consumer grievances. However, during the course of hearing, the OP has admitted with the billing complaints and initiated bill revision process on the spot observing departmental guidelines. Accordingly, the monthly bill has been recalculated with the consumption and an amount of ₹ 4,490.88p is to be withdrawn from the arrear outstanding.

2. The complainant has not paid the monthly bill regularly for which the arrear has been accumulated to ₹ 34,125.33p upto Jul.-2024.

In view of above facts and circumstances and after going through the documents submitted by both the parties, the Forum pronounces the following order as per regulations of the OERC Distribution (Conditions of Supply) Code'2019.

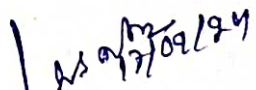

The OP has re-calculated the disputed bill and the petitioner was convinced with the proposed withdrawal amount of ₹ 4,490.88p. Hence, the Forum directed the OP to carry-out the revision proposal and must be reflected in the next bill.

Case is disposed off accordingly.

Compliance report must be submitted to the Forum by the opposite party within one month after receipt of GRF order otherwise it will be treated as non-compliance.
