ORDER

(Dt.26.09.2024)

HISTORY OF THE CASE

The Complainant is a LT-Dom. consumer availing a CD of 1 KW. The complainant represented that he is being served with abnormal & inflated bill from May-2024. For that inflated bill, the arrear has been accumulated to ₹ 16,331.80p upto Aug.-2024. The complainant raised dispute against the said period and requested before the Forum for suitable revision of the bill.

The case was heard in detail.

PROCEEDING OF HEARING DATED : 12.09.2024

SUBMISSION OF COMPLAINANT DURING HEARING

The complainant is a consumer under REC section of Sub division-II, Balangir. The consumer represented that he is served with abnormal & inflated bill since May-2024 and he is in apprehension that the said meter is recording excess consumption than actual consumption. The complainant raised dispute against the said period and requested before the Forum for replacement of meter and suitable revision of bill.

SUBMISSION OF OPPOSITE PARTY DURING HEARING

The OP appeared before the Forum with relevant documents. On defence, he intimated that the consumer is a LT-Dom consumer availing power supply since May-2017. The billing dispute raised by the complainant for the inflated billing from May-2024 is not a genuine dispute as all bills are raised on actual meter reading basis. Hence, the petition of the complainant should be rejected.

Considering the above, the OP requested before the Forum to pass order as deemed fit.

MEMBER (Fin.)

PRESIDENT

FINDINGS AND ANALYSIS OF THE FORUM

The consumer is a LT-Dom. consumer with a CD of 1 KW. The consumer has availed power supply since 01st May 2017 and the arrear outstanding upto Aug.-2024 is ₹ 16,331.80p. As complained by the complainant and submission of OP, it is observed by the Forum that,

1. The consumer has disputed the accuracy of the meter having meter no. 108953A which has been installed since the date of power supply and represented that the said meter is showing excess consumption than actual consumption from May-2024 onwards.

In response to that, the Forum directed the complainant to deposit the required meter testing fees with the licensee within seven days and directed the OP to test the meter by the MMG team at the earliest with submission of detailed report to the Forum. Accordingly, the complainant deposited the required testing fees of ₹ 500/- + GST @ 18% totalling ₹ 590/- on the same date vide receipt no. 44741112092402020001. The MMG team has tested the meter on 20th Sep. 2024 and submitted the report. The abstract of the report is,

"Meter is defective, No outgoing. XXXXXXXXXXXXXXXXXXXXXXXX"

The meter test conducted by MMG and report generated on 20th Sep. 2024 has been taken into record.

2. Hence, it is concluded that the present meter i.e. meter no. 108953A is a defective one and needs to be replaced with a new one. Accordingly, the bills raised with the said meter from May-2024 to till the date of meter replacement needs to be revised under CI-155 of OERC Distribution Code-2019 to redress the consumer grievances.

In view of above facts and circumstances and after going through the documents submitted by both the parties, the Forum pronounces the following order as per regulations of the OERC Distribution (Conditions of Supply) Code 2019.

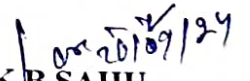

1. A new meter is to be installed immediately to ascertain actual consumption as well as proper billing.
2. Based on succeeding six months average consumption of new meter to be installed, the energy bill of the consumer must be revised from May-2024 to till the date of new meter installation under CI-155 of OERC Regulation Code 2019.
3. The meter testing fees excluding GST deposited by the complainant must be adjusted in the next bill as per OERC Regulation.
4. All sundries and adjustments are to be considered during the above revision period.

Case is disposed off accordingly.

Compliance report must be submitted to the Forum by the opposite party within seven months after receipt of GRF order otherwise it will be treated as non-compliance.
