ORDER

(Dt.23.02.2024)

HISTORY OF THE CASE

The Complainant is a LT-Dom. consumer availing a CD of 1 KW. He has disputed about the average bills raised from the date of supply to Dec-2020 due to non-installation of meter. He has submitted his grievances for revision of bill. The complainant needs suitable bill revision for the said period.

The case was heard in detail.

PROCEEDING OF HEARING DATED: 07.02.2024

SUBMISSION OF COMPLAINANT DURING HEARING

The complainant is a consumer under Agalpur Section of Loisingha Sub-division. The consumer represented that he was served with average bills from the date of supply to Dec-2020 due to non-installation of meter. For that average bill, the arrear has accumulated to ₹. 13,756.75p upto Jan-2024. The complainant raised dispute against the said period and requested before the Forum for suitable revision of the bill.

SUBMISSION OF OPPOSITE PARTY DURING HEARING

The OP appeared before the Forum with billing abstract only. On defence, he intimated that the consumer is a LT-Domestic consumer availing power supply since Oct-2018. The billing dispute raised by the complainant for the average billing from the date of power supply to Dec-2020 due to non-installation of meter. A new meter with sl. no. LW437971 has been installed on 10th Jan. 2021, thereafter actual billing was done. As the above-stated average billing period bill has not been revised, it needs bill revision.

Considering the above, the OP requested before the Forum for revision of previous disputed bills and pass order as deemed fit.

FINDINGS AND ANALYSIS OF THE FORUM

The consumer is a LT-Dom. consumer with a CD of 1 KW. The consumer has availed power supply since 20th Oct. 2018 and the arrear outstanding upto Jan-2024 is ₹. 13,756.75p. As complained by the complainant and submission of OP, it is observed by the Forum that,

1. Power supply to the consumer has been released without meter by the OP which violates CI-97 (ii) of OERC Dist. Conditions of Supply) Code 2019 which is a gross negligence on the part of OP which should not be. The Forum has taken this as a **serious note** and warned the OP not to repeat such things in future.
2. A new meter has been installed by OP with meter no. LW437971 on 10th Jan. 2021, thereafter actual billing has been done. In the instant case, it is surprised that the OP has allowed the consumer to continue without meter for more than two years. In the above case, due to delay in installation of new meter, average billing was done which could have been avoided if the OP had installed the meter without delay for which it is advised to the OP to be taken care in future.
3. The complainant has not paid the monthly bill regularly for which the arrear has accumulated to ₹. 13,756.75p upto Jan.-2024.
4. The OP has submitted that as the disputed billing period has not yet revised, it needs bill revision as per consumption of new meter.
5. On scrutiny of the documents, it is observed by the Forum that the bills raised during meter defective period needs bill revision under CI-155 and 157 of OERC Dist. (Conditions of Supply) Code 2019 to redress the consumer grievances.

In view of above facts and circumstances and after going through the documents submitted by both the parties, the Forum pronounces the following order as per regulations of the OERC Distribution (Conditions of Supply) Code 2019.

1. The energy bills raised to the consumer from Jan-2019 to Dec-2020 are to be revised as per succeeding six months average consumption of new meter by considering IMR: 0 (10.01.2021) & FMR: 104 (Jul-2021) under CI-155 & 157 of OERC Regulation 2019.
2. DPS is to be levied as per OERC Regulation.
3. All sundries and adjustments are to be considered during the above revision period.

Case is disposed off accordingly.

Compliance report must be submitted to the Forum by the opposite party within one month after receipt of GRF order otherwise it will be treated as non-compliance.
