On perusal of the complaint petition with all relevant enclosures as well as submission of OP and billing statement; the forum observes the followings:

- The complainant reiterated for excess billing.
- The OP stated that Bill has been served for 2750 unit to the consumer on dt. 30/08/2024 when current meter reading in only 13.
- Looking into the meter change report and billing database, it appears that a meter having SI No- 549687 was installed in consumer premises from 11/2021 to till date of replacement i.e 18/06/2024, with a new meter having SI No- TWST1736964. During this period no reading was taken and bill were served on provisional basis.
- On the event of meter replacement final reading of old meter (Having SI no-549687) was submitted as 2734 and billed in the month of 07/2024. So, this units need to be spread over from 11/2021 to 07/2024 with proper adjustment of provisional bills to extend the tariff slab benefit to the consumer.
