The opposite party submit billing abstract from Jan-2021 to Oct-2025, a Physical Verification Report carried out on 15.11.25 & written statement in this case. In reply to the case the opposite party submitted the following facts.

1. As per billing data the power supply given to consumer premises on 12.11.2017 with meter no "809779" under 'DOM-KTJ' category with CD-0.25 KW.
2. The bill served to consumer on actual basis up to May-2025 on meter no 809779. It can be observed that there is average/abnormal bill served from May-2023 to May-2025.
3. Then provisional/average bill served to consumer from June-2025 to Aug-2025.

OBSERVATION

The case is pursued with all documents available on record and merit of the case. The complainant is an existing consumer of electricity under the operational area of TPWODL bearing consumer No 4141-1557-0682, having CD-0.25KW under LT-Domestic category, coming under ESO-Tileibani & initial power supply effected on 12.11.2017. On scrutinizing the records in detail, the Forum observed the following facts which are envisaged here under that,

1. That, as per objection raised by the complainant and on examining the case in detail, the Forum observed from the licensee's soft records (FG & Samadhan App) that 1st energy bill was raised in January-2021 on actual basis with "117" units, with initial meter installed bearing SL.No." 809779", albeit initial date of power supply was on dtd. 12-Nov-2017.
2. That, Feb/March-2021 bi-monthly bill was charged abnormally with "1136" units on actual basis, as per consumption recorded in above mentioned meter. Bi-monthly bills were subsequently charged normally as per advanced consumption recorded in the same meter.
3. It was observed that a new meter bearing SL.No." TWSP51281106" was installed on 09-Sep-2025, replacing the old meter No." 809779". A bill revision was carried out by the Opposite Party revising the bill of Aug-2025, due to delay meter updation effected in billing & Rs.3.44/- was credited to the consumer account accordingly.

The Forum on scrutinizing the records, reports available on record construed that the energy bills charged from the date initial power supply i.e. 12-Nov-2017 to March-2021, by recasting the total accumulated consumption of kwh"001136" on actual monthly Average basis, as recorded in meter SL.No." 809779", to redress the grievances accordingly.

ORDER

After careful consideration of hearing and documents, statements available on records, the Forum hereby passes order in consonance with Regulation of OERC Distribution (Conditions of Supply), Code,2019

1. *The Opposite Party is directed to revise the energy bills charged from from the date initial power supply i.e. 12-Nov-2017 to March-2021, by recasting the total accumulated consumption of kwh"001136" on actual monthly Average basis, as recorded in meter SL.No." 809779", duly adjusting the bill revision made earlier and/or the benefit arising out of the OTS Scheme, if any.*
2. *The Opposite Party is directed to serve the revised energy charges bill with revised due date within 30 days from the issue of this Order, duly considering the applicable tariff during the period, taking into account the adjustments, if any, and adjustment for the payments made by the complainant.*
