### OBSERVATION

The case is pursued with all documents available on record and merit of the case. The complainant is an existing consumer of electricity under the operational area of TPWODL bearing consumer No 4141-1557-0221, having CD-0.11KW under LT-Domestic category, coming under ESO-Tileibani & initial power supply effected on 06.06.2012. On scrutinizing the records in detail, the Forum observed the following facts which are envisaged here under that,

1. That, as per objection raised by the complainant and on examining the case in detail, the Forum observed from the licensee's soft records (FG & Samadhan App) that average bills were raised continuously from February-2014 to May-2019 @ 27 units/108 units on monthly basis, as no advanced consumption were recorded in meter No." 813258".
2. That, a new meter bearing SL.No." LW113751" was installed on 05-Feb-2019, replacing the old defective meter No." 813258" & actual bills continued to charge thereafter.
3. That, the energy bills charged from February-2019 to May-2023 were revised by the Opposite Party & Rs.1605.10/- was credited back to the consumers account on 27-06-2023.

The Forum on scrutinizing the records, reports available on record construed that the provisional & average energy bills charged limited to two years (as per regulation-155 & regulation-157 of OERC Distribution (Conditions of Supply), Code,2019) i.e. from June-2017 to May-2019 are to be revised by the Opposite Party based on the actual monthly average consumption recorded in subsequent meter No." LW113751".
