7. The Meter No "LW414542" was installed on Dt.10.11.2019 (FG) with IMR=1 and then onwards the electricity bill served to consumer on actual basis.

#### OBSERVATION

The case is pursued with all documents available on record and merit of the case. The complainant is an existing consumer of electricity under the operational area of TPWODL bearing consumer No 4141-1426-0247, having CD-1KW under LT-Domestic category, coming under ESO-Deogarh & initial power supply effected on 22.01.2002. On scrutinizing the records in detail, the Forum observed the following facts which are envisaged here under that,

1. That, as per objection raised by the complainant and on examining the case in detail, the Forum observed from the licensees soft records (FG & Samadhan App) that average bills were charged from May-2011 to Sept-2019 on different units from time to time, as no advanced consumption recorded in meter No." 8004014".
2. That, a new meter bearing SL.No." LW414542" was installed on 10-Nov-2019, replacing the old defective meter No." 8004014" & actual bills continued to charge thereafter till last billing.

The Forum on scrutinizing the records, reports available on record construed that the provisional & average energy bills charged limited to two years (as per regulation-155 & regulation-157 of OERC Distribution (Conditions of Supply), Code,2019) i.e. from October-2017 to Sept-2019 are to be revised by the Opposite Party based on the actual monthly average consumption recorded in subsequent meter No." LW414542".

#### ORDER

After careful consideration of hearing and documents, statements available on records, the Forum hereby passes order in consonance with Regulation of OERC Distribution (Conditions of Supply), Code,2019

1. *The Opposite Party is directed to revise the energy bills charged from October-2017 to Sept-2019, on the basis of succeeding six months actual monthly average consumption recorded in meter SL. No." LW414542", from the date/month of installation of the same, duly adjusting the bill revision made earlier and/or the benefit arising out of the OTS Scheme, if any.*
2. *The Opposite Party is directed to serve the revised energy charges bill with revised due date within 30 days from the issue of this Order, duly considering the applicable tariff during the period, taking into account the adjustments, if any, and adjustment for the payments made by the complainant.*

3. The Complainant is directed to pay the revised billed amount so arrived at, if any, within due date after receipt of the revised energy charges bill to which the complainant is liable to pay.
