SUBMISSION OF OPPOSITE PARTY

The opposite party has submitted ledger copy for the period from Oct'2018 to Nov'2025, a Physical Verification Report carried out on 17.12.25 & written statement in this case. In reply to the case the opposite party submitted the following facts.

1. The date of power supply to the consumer is 24.08.2018.
2. As per the consumer complain he was served average bills from the date of power supply i.e 2018 to 2024. So, he has requested for correction of the average bills.
3. It is verified and found that the initial power supply was given to the consumer without meter(WM) from Aug'2018 to Oct'2019. Then a new meter no."LW039661" was installed on 07.11.2019 but the billing was not served as per actual consumption of the meter. Then another new meter no."TWNX305113" was installed on 12.03.2024 and the billing is continuing actual basis till date.
4. The opposite party suggested that, the bill from Aug'2018 to Jun'2020 may be revised as per the monthly average consumption of six months consecutive of meter no."TWNX305113" from the date of meter replacement as the actual consumption of the old meter no."LW039661" prior to the revision period is not available for consecutive six months.

OBSERVATION

The case is pursued with all documents available on record and merit of the case. The complainant is an existing consumer of electricity under the operational area of TPWODL bearing

consumer No 4172-2304-1246, having CD-1KW under LT-DOMESTIC category, coming under ESO-Panchagaon & initial power supply effected on 24.08.2018. On scrutinizing the records in detail, the Forum observed the following facts which are envisaged here under that,

- 1) The date of initial power supply is 24/08/2018 with no meter installed and average billing continued up to May-June/2020 with 144 units/month.
- 2) A meter having sl.no. "LW039661" was installed on 07/11/2019 and actual bills were generated from July-Aug/2020 to Sept-Oct/2020. Again, provisional bills were generated from Nov-Dec/2020 to May-June/2022 with remarks premises locked/ reading not taken.
- 3) No EC bills were generated from July-Aug/2022 to April-2024 except the month of Feb-2023.
- 4) A meter having sl. no "TWNX305113" was installed on 12/03/2024 and then onwards actual bills are being served to till date.
- 5) Due to inconsistent & average bills were generated from Nov-Dec/2020 to April-2024 and no actual bills for continuously six-months were available with meter no "LW039661", the bills for the period Oct-2018 to May-June/2020 need to be revised basing upon the average consumption of meter having sl. no. "TWNX305113".
