SUBMISSION OF OPPOSITE PARTY

The opposite party could not submit any relevant documents except billing abstract from March-2009 to Jan-2026 in this case.

OBSERVATION

The case is pursued with all documents available on record and merit of the case. The complainant is an existing consumer of electricity under the operational area of TPWODL bearing consumer No 4171-2105-0360, having CD-2.00 KW under LT-Domestic category, coming under ESO-Brajarajnagar & initial power supply effected on 27.03.2009. On scrutiñizing the records in detail, the Forum observed the following facts which are envisaged here under that,

1. On examining the case in detail, the Forum observed from the licensees available soft records (FG & Samadhan App) that the 1st energy bill raised in March-2009 with initial meter installed bearing SLNO." 6881113".However, provisional & average bills charged continuously from May-2009 to Dec-2015 @96 units/ 122 units/288 units per month from time to time.
2. That, a new meter having SL. No." WCG22027" was installed & updated in billing during Jan-2016 billing, replacing the old meter No." 6881113" & actual bills continued to charge thereafter. That, another meter SLNO." TWST1760230" was installed on 08-May-2024 & actual bills continued to charge till last billing as per advanced consumption recorded upto Feb-2026.

3. The Opposite Party failed to submit the relevant documents, even after giving sufficient reasonable time to furnish & is perceived to have nothing to submit in support of their views to the case. The case is decided based on the available documents, records & merit of the case.

The Forum on scrutinizing the records, reports available on record construed that the energy bills charged from Dec-2014 to Jan-2016 are to be revised based on actual monthly average consumption recorded in subsequent meter SLNO "WCG22027", to redress the grievances in an efficacious manner.

ORDER

After careful consideration of hearing and documents, statements available on records, the Forum hereby passes order in consonance with Regulation of OERC Distribution (Conditions of Supply), Code,2019

1. *The Opposite Party is directed to revise the energy bills charged from Dec-2014 to Jan-2016 based on succeeding twelve months actual monthly average recorded in meter No." WCG22027", from the date/month of installation of the same, duly adjusting the bill revision made earlier and/or the benefit arising out of the OTS Scheme, if any.*
2. *The Opposite Party is directed to serve the revised energy charges bill with revised due date within 30 days from the issue of this Order, duly considering the applicable tariff during the period, taking into account the adjustments, if any, and adjustment for the payments made by the complainant.*
3. *The Complainant is directed to pay the revised billed amount so arrived at, if any, within due date after receipt of the revised energy charges bill to which the complainant is liable to pay.*

In terms of the above, the petition is disposed of.

The opposite party is directed to submit the compliance report to this Forum within one month (by the end of April-2026) from the date of issue of this order.
