OBSERVATION

The case is pursued with all documents available on record and merit of the case. The complainant is an existing consumer of electricity under the operational area of TPWODL bearing consumer No 4171-2704-0361, having CD-2.00 KW under LT-Domestic category, coming under ESO-Lamtibahal & initial power supply effected on 28.08.2004. On scrutinizing the records in detail, the Forum observed the following facts which are envisaged here under that,

1. On examining the case in detail & as per the objection filed by the complainant, the Forum observed from the licensees' available soft records (FG & Samadhan App) that actual bill was charged upto the reading of kwh"000979", recorded in meter SLNo." 8004645", during April-2012.
2. That, provisional & average bills continuously raised thereafter from May-2012 to Nov-2019 @77 units/216 units/288 units per month from time to time.
3. The power supply was disconnected on 14-Dec-2019 & later, reconnected on 16-Jan-2025.
4. That, a new meter having SL. No." LW090653" was installed on 05-Dec-2019, replacing the old meter No." 8004645". That, another meter SLNo."TPWODL1049856" was subsequently installed on 03-Nov-2022 which has been continuing till date with advanced consumption

recorded. The Opposite Party has revised the bills from Oct-2022 to Feb-2023, thereby adjusting the provisional bills charged during that period.

5. The Opposite Party failed to submit the relevant documents, even after giving sufficient reasonable time to furnish & is perceived to have nothing to submit in support of their views to the case. The case is decided based on the available documents, records & merit of the case.

The Forum on scrutinizing the records, reports available on record construed that the provisional & average energy bills charged limited to two years (as per regulation-155 & regulation-157 of OERC Distribution (Conditions of Supply), Code,2019) i.e. from Dec-2017 to Nov-2019 are to be revised based on actual monthly average consumption recorded in subsequent meter SLNO." LW090653", to redress the grievances in an efficacious manner.

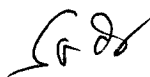

ORDER

After careful consideration of hearing and documents, statements available on records, the Forum hereby passes order in consonance with Regulation of OERC Distribution (Conditions of Supply), Code,2019

1. *The Opposite Party is directed to revise the energy bills charged from Dec-2017 to Nov-2019 based on succeeding twelve months actual monthly average recorded in meter SIno." LW090653", from the date/month of installation of the same, duly adjusting the bill revision made earlier and/or the benefit arising out of the OTS Scheme, if any.*
2. *The Opposite Party is directed to serve the revised energy charges bill with revised due date within 30 days from the issue of this Order, duly considering the applicable tariff during the period, taking into account the adjustments, if any, and adjustment for the payments made by the complainant.*
3. *The Complainant is directed to pay the revised billed amount so arrived at, if any, within due date after receipt of the revised energy charges bill to which the complainant is liable to pay.*

In terms of the above, the petition is disposed of.

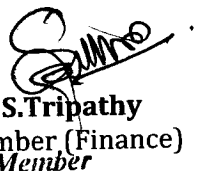

The opposite party is directed to submit the compliance report to this Forum within one month (by the end of April-2026) from the date of issue of this order.
