**OPPOSITE PARTY**

**GIST OF THE CASE**

Sri Anadi Kansarali appeared in the Camp Court hearing held at ESO Office, Barkote on 10.03.2026. The complainant submitted during course of hearing in brief as follows:

1. The complainant filed the petition regarding abnormal energy bills charged previously but, failed to submit the period & nature of dispute.
2. To revise the EC bills as per actual meter consumption recorded.

**Previous Complain, if any:** Not Available

**SUBMISSION OF OPPOSITE PARTY**

The opposite party submit billing abstract from May'2018 to Feb'2026, a Physical Verification Report carried out on 04.04.2026 & written statement on 04.04.2026 in this case. In reply to the case the opposite party submitted the following facts.

1. As per billing data the power supply given to consumer premises on 15.05.2018 under 'DOM' category with CD-1KW (FG).
2. The bill served to consumer on average basis up to Aug'2019.
3. The Meter No "LW296386" was installed on Dt.19.09.2019 with IMR=0 (FG) and then onwards the electricity bill served to consumer on actual basis.
4. The opposite party suggested that, the average billing from Jun'2018 to Aug'2019 may be revised by taking six month average consumption recorded in meter no."LW296386".

**OBSERVATION**

The case is pursued with all documents available on record and merit of the case. The complainant is an existing consumer of electricity under the operational area of TPWODL bearing consumer No 4141-1105-0691, having CD-1KW under LT-Domestic category, coming under ESO-Barkote & initial power supply effected on 15.05.2018. On scrutinizing the records in detail, the Forum observed the following facts which are envisaged here under that,

- 1) On examining the case in detail, the Forum observed from the licensees available soft records (FG & Samadhan App) that 1<sup>st</sup> energy bill raised in May-2018 without any initial meter installed at premises. Provisional/average bills continuously charged from May-2018 to Sept-2019 billing.
- 2) It was revealed that a new meter SL.No." LW112792" was installed on 16-Jan-2019, but due to defect in meter the same was again replaced with another meter SL.No." LW296386", installed on 19-Sep-2019, replacing the old meter No." LW112792".
- 3) The energy bills charged from Sept-2019 to Nov-2022 were already revised by the Opposite Party due to delay meter updation effected in billing & Rs. 225.33/- was deducted from consumer account on 02-01-2023.
- 4) The Physical Verification Report dtd. 04.04.2026 indicated that the existing meter having SL.No." LW296386" has been found in running condition with meter status found "Ok" & advanced reading recorded as kwh"001238".

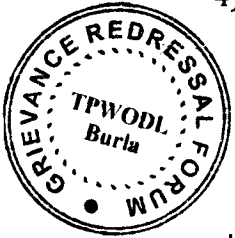

The Forum on scrutinizing the records, reports available on record construed that the provisional & average energy bills charged limited to two years (as per regulation-155 & regulation-157 of OERC Distribution (Conditions of Supply), Code,2019) i.e. from May-2018 to Sept-2019 are to be revised by the Opposite Party based on actual monthly average consumption recorded in subsequent meter No." LW296386" installed, to redress the grievances in an efficacious manner.

### ORDER

After careful consideration of hearing and documents, statements available on records, the Forum hereby passes order in consonance with Regulation of OERC Distribution (Conditions of Supply), Code,2019

1. *The Opposite Party is directed to revise the energy bills charged from May-2018 to Sept-2019, on the basis of succeeding six months actual monthly average consumption recorded in meter SL. No." LW296386", from the date/month of installation of the same, duly adjusting the bill revision made earlier and/or the benefit arising out of the OTS Scheme, if any.*
2. *The Opposite Party is directed to serve the revised energy charges bill with revised due date within 30 days from the issue of this Order, duly considering the applicable tariff during the period, taking into account the adjustments, if any, and adjustment for the payments made by the complainant.*
