TPWODL, Burla - 768017

1. On examining the case in detail & as per complaint filed, the Forum observed from the licensee's available soft records (FG & Samadhan App) that March-2016 bill charged on actual basis with "227" units, considering the current reading of kwh "7596" as recorded in meter SLNo." 8173978".
2. That, April-2016 bill charged abnormally with "4222" units, taking the current reading of kwh "1818", thereby counting the consumption as meter "once rounded". May-2016 bill charged subsequently on provisional basis & again, June-2016 bill raised erratically with "6560" units, considering the current reading of kwh "8378" as entered for billing. July-2016 bill raised on provisional basis & Aug-2016 bill charged with normal consumption of "456" units. Actual bills were charged thereafter as per advanced consumption recorded in above mentioned meter.
3. It was observed that provisional/average bills charged during Jan/Feb-2022 to Oct-2022 have been revised by the Opposite Party with credit sundry (deduction) of Rs.2078.58/-, based on actual monthly average consumption recorded in subsequent meter No. "TPWODL1002572".
4. The Physical Verification Report dtd. 24.03.2026 indicated that the existing meter having SLNo." TPWODL1002572" has been found in running condition with meter status found "Ok" & advanced reading recorded as kwh "12544".

The Forum on scrutinizing the records, reports available on record & as per specific complaint filed by the complainant, construed that the energy bills charged from April-2016 to June-2016 are to be revised as per actual consumption recorded in meter No." 8173978", to redress the grievances in an efficacious manner.

ORDER

After careful consideration of hearing and documents, statements available on records, the Forum hereby passes order in consonance with Regulation of OERC Distribution (Conditions of Supply), Code,2019

1. *The Opposite Party is directed to revise the energy bills charged from April-2016 to June-2016, on the basis of actual monthly average consumption recorded in meter SL No." 8173978", considering initial reading of kwh "007596" as in April-2016 & final reading of kwh "008378" as in June-2016 billing, duly adjusting the bill revision made earlier and/or the benefit arising out of the OTS Scheme, if any.*
2. *The Opposite Party is directed to serve the revised energy charges bill with revised due date within 30 days from the issue of this Order, duly considering the applicable tariff during the period, taking into account the adjustments, if any, and adjustment for the payments made by the complainant.*

3. The Complainant is directed to pay the revised billed amount so arrived at, if any, within due date after receipt of the revised energy charges bill to which the complainant is liable to pay.

In terms of the above, the petition is disposed of.

The opposite party is directed to submit the compliance report to this Forum within one month (by the end of May-2026) from the date of issue of this order.
