COMPLAINANT

OPPOSITE PARTY

GIST OF THE CASE

Jyosna Dehury on behalf of Sita Dehury appeared in the hearing on Dt. 14.10.2025 at the camp held at SDO Office, Deogarh. The complainant submitted during course of hearing in brief as follows:

1. The complainant has raised objection regarding abnormal energy bills charged previously but failed to submit the period of billing dispute.
2. To revise the EC bills as per actual meter consumption recorded.

Previous Complain, if any: Not Available

SUBMISSION OF OPPOSITE PARTY

The opposite party submit billing abstract from Feb-2011 to Sept-2025, a Physical Verification Report carried out on 16.10.25 & written statement in this case. In reply to the case the opposite party submitted the following facts.

1. As per billing data the power supply given to consumer premises on 11.05.2010 with meter no "816426" under 'DOM-KTJ' category with CD-0.11 KW.
2. The bill served to consumer on actual basis up to Nov-2014.
3. The average bill served to consumer from Dec-2014 to July-2022.
4. The Meter No "TPWODL1051422" was installed on Dt.05.08.2022 (FG) with IMR=0 and the electricity bill served to consumer on actual basis up to Jan-2023.
5. There is provisional/average bill served to consumer from Feb-2023 to Aug-2024.
6. The Meter No "TW161853" was installed on Dt.20.09.2024 (FG) with IMR=0 and then onwards the electricity bill served to consumer on actual basis.
7. The opposite party suggested that, the average billing from Aug-2019 to July-2021 may be revised by taking six-month average consumption recorded in meter no "TW161853".

OBSERVATION

The case is pursued with all documents available on record and merit of the case. The complainant is an existing consumer of electricity under the operational area of TPWODL bearing consumer No 4141-1549-0224, having CD-0.11KW under LT-Domestic category, coming under ESO-Tileibani & initial power supply effected on 11.05.2010. On scrutinizing the records in detail, the Forum observed the following facts which are envisaged here under that,

1. That, as per objection raised by the complainant and on examining the case in detail, the Forum observed from the licensees soft records (FG & Samadhan App) that average energy bills charged continuously from December-2014 to September-2022 on different units from time to time.
2. That, a new meter bearing SL.No." TPWODL1051422" was installed on 05-Aug-2022, replacing the old defective meter No." 816426".
3. Further, another new meter bearing SL.No." TWB161853" was installed on 20-Sep-2024, replacing the old meter No." TPWODL1051422" & actual bills continued to charge thereafter.
4. It was observed from records that energy bills charged from July-2022 to Sept-2022 were already revised by the Opposite Party & Rs. 1019.62/- was credited back (withdrawn from) to the consumer's account on 18-11-2022.
5. It was detected that the Opposite Party has allowed the bills to continue on average basis for more than seven years, which could have been avoided if timely meter installation were effected. The Forum condemns such inaction and vouch to act proactively to combat such deficiencies in future.

The Forum on scrutinizing the records, reports available on record construed that the average energy bills charged limited to two years (as per regulation-155 & regulation-157 of OERC Distribution (Conditions of Supply), Code,2019) i.e. from July-2020 to June-2022 are to be revised by the Opposite Party, as per actual monthly average consumption recorded in subsequent meter installed bearing SL.No." TPWODL1051422".

ORDER

After careful consideration of hearing and documents, statements available on records, the Forum hereby passes order in consonance with Regulation of OERC Distribution (Conditions of Supply), Code,2019

1. *The Opposite Party is directed to revise the energy bills charged from July-2020 to June-2022, on the basis of succeeding six months actual monthly average consumption recorded in meter SL. No." TPWODL1051422", from the date/month of installation of the same, duly adjusting the bill revision made earlier and/or the benefit arising out of the OTS Scheme, if any.*

2. The Opposite Party is directed to serve the revised energy charges bill with revised due date within 30 days from the issue of this Order, duly considering the applicable tariff during the period, taking into account the adjustments, if any, and adjustment for the payments made by the complainant.
3. The Complainant is directed to pay the revised billed amount so arrived at, if any, within due date after receipt of the revised energy charges bill to which the complainant is liable to pay.

Accordingly, the case is disposed of.

The opposite party is directed to submit the compliance report to this Forum within one month (by the end of November-2025) from the date of issue of this order.
