COMPLAINANT

OPPOSITE PARTY

GIST OF THE CASE

Sri Kanhei Kisan appeared in the hearing on Dt. 14.10.2025 at the camp held at SDO Office, Deogarh. The complainant submitted during course of hearing in brief as follows:

1. The complainant has raised objection regarding provisional/average energy bills charged previously but failed to submit the nature & period of billing dispute.
2. To revise the EC bills as per actual meter consumption recorded.

Previous Complain, if any: Not Available

SUBMISSION OF OPPOSITE PARTY

The opposite party submit billing abstract from Nov-2014 to Sept-2025, a Physical Verification Report carried out on 16.10.25 & written statement in this case. In reply to the case the opposite party submitted the following facts.

1. As per billing data the power supply given to consumer premises on 11.12.2010 with meter no "811232" under 'DOM-KTJ' category with CD-0.11 KW.
2. The bill served to consumer on actual basis up to July-2015.
3. The provisional/average bill served to consumer from Aug-2015 to Jan-2019.
4. The Meter No "LW088857" was installed on Dt.06.02.2019 (FG) with IMR=1 and then onwards the electricity bill served to consumer on actual basis.
5. The opposite party suggested that, bill revision will be done on the basis of "recast of reading" from the date of power supply to July-2015 as per consumption recorded in meter no "811232" & the average billing from Feb-2017 to Jan-2019 may be revised by taking six-month average consumption recorded in meter no "LW088857".

OBSERVATION

The case is pursued with all documents available on record and merit of the case. The complainant is an existing consumer of electricity under the operational area of TPWODL bearing consumer No 4141-1559-0099, having CD-0.11KW under LT-Domestic category, coming under ESO-Tileibani & initial power supply effected on 11.12.2012. On scrutinizing the records in detail, the Forum observed the following facts which are envisaged here under that,

1. That, as per objection raised by the complainant and on examining the case in detail, the Forum observed from the licensees soft record (FG & Samadhan App) that sudden accumulated readings were charged in some months on actual basis that led to charging of bills on higher side particularly in January-2015 & July-2015 billing.
2. That, provisional/average bills were charged subsequently from August-2015 to January-2019 @ "766" units on bi-monthly basis.
3. A new meter bearing SL.No." LW088857" was installed on 06-Feb-2019, replacing the old defective meter No." 811232" & actual bills continued to charge thereafter.

The Forum on scrutinizing the records, reports available on record construed that the actual meter reading accumulated upto KWH" 2233", as recorded in meter No." 811232", in July-2015 billing are to be recasted/revised, from the date of initial power supply till July-2015, on actual monthly average basis to extend monthly slab benefit to the consumer. Further, the average energy bills charged limited to two years (as per regulation-155 & regulation-157 of OERC Distribution (Conditions of Supply), Code,2019) i.e. from February-2017 to January-2019 are to be revised by the Opposite Party, as per actual monthly average consumption recorded in subsequent meter installed bearing SL.No." LW088857".

ORDER

After careful consideration of hearing and documents, statements available on records, the Forum hereby passes order in consonance with Regulation of OERC Distribution (Conditions of Supply), Code,2019

1. *The Opposite Party is directed to revise the energy bills charged from the date of initial power supply i.e.11.12.2012 to July-2015 on the basis of recasting the total accumulated consumption of KWH"002233", on actual monthly average basis, recorded in meter SL.No." 811232", duly adjusting the bill revision made earlier and/or the benefit arising out of the OTS Scheme, if any.*
2. *The Opposite Party is directed to revise the energy bills charged from February-2017 to January-2019, on the basis of succeeding six months actual monthly average consumption recorded in meter SL. No." LW088857", from the date/month of installation of the same, duly adjusting the bill revision made earlier and/or the benefit arising out of the OTS Scheme, if any.*
3. *The Opposite Party is directed to serve the revised energy charges bill with revised due date within 30 days from the issue of this Order, duly considering the applicable tariff during the period, taking into account the adjustments, if any, and adjustment for the payments made by the complainant.*

4. The Complainant is directed to pay the revised billed amount so arrived at, if any, within due date after receipt of the revised energy charges bill to which the complainant is liable to pay.

Accordingly, the case is disposed of.

The opposite party is directed to submit the compliance report to this Forum within one month (by the end of November-2025) from the date of issue of this order.
