OBSERVATION

The case is pursued with all documents available on record and merit of the case. The complainant is an existing consumer of electricity under the operational area of TPWODL bearing consumer No 4141-1559-0826, having CD-0.11KW under LT-Domestic category, coming under ESO-Tileibani & initial power supply effected on 09.04.2010. On scrutinizing the records in detail, the Forum observed the following facts which are envisaged here under that,

1. That, as per objection raised by the complainant and on examining the case in detail, the Forum observed from the licensee's soft record (FG & Samadhan App) that average bills were charged continuously from November-2011 to November-2018 @50 units/100 units/400 units on bi-monthly basis.
2. The ledger abstract revealed that a new meter bearing SL.No." LW086049" was installed on 29-Nov-2018, replacing the old defective meter No." 807326". Meter readings were then advanced upto August-2023 billing. Subsequently, another new meter having SL.No." TWB110043" was installed on 22-Feb-2024, replacing the old defective meter No." LW086049" & actual bills continued to charge till last billing.

The Forum on scrutinizing the records, reports available on record construed that the average energy bills charged limited to two years (as per regulation-155 & regulation-157 of OERC Distribution (Conditions of Supply), Code,2019) i.e. from December-2016 to November-2018 are to be revised by the Opposite Party, as per actual monthly average consumption recorded in subsequent meter installed bearing SL.No." LW086049".

ORDER

After careful consideration of hearing and documents, statements available on records, the Forum hereby passes order in consonance with Regulation of OERC Distribution (Conditions of Supply), Code,2019

1. *The Opposite Party is directed to revise the energy bills charged from December-2016 to November-2018, on the basis of succeeding six months actual monthly average consumption recorded in meter SL. No." LW086049", from the date/month of installation of the same, duly adjusting the bill revision made earlier and/or the benefit arising out of the OTS Scheme, if any.*
2. *The Opposite Party is directed to serve the revised energy charges bill with revised due date within 30 days from the issue of this Order, duly considering the applicable tariff during the period, taking into account the adjustments, if any, and adjustment for the payments made by the complainant.*
