SUBMISSION OF OPPOSITE PARTY

The opposite party submit billing abstract from Apr-2010 to Sept-2025, a Physical Verification Report carried out on 16.10.25 & written statement in this case. In reply to the case the opposite party submitted the following facts.

1. As per billing data the power supply given to consumer premises on 09.04.2010 with meter no "804227" under 'DOM-KTJ' category with CD-0.11 KW.
2. The bill served to consumer on actual basis up to Oct-2011.
3. The average bill served to consumer from Nov-2011 to Apr-2019.
4. The Meter No "LW318689" was installed on Dt.19.06.2019 (FG) with IMR=1 and then onwards the electricity bill served to consumer on actual basis.
5. The opposite party suggested that, the average billing from Feb-2017 to Jan-2019 may be revised by taking six-month average consumption recorded in meter no "LW318689".

OBSERVATION

The case is pursued with all documents available on record and merit of the case. The complainant is an existing consumer of electricity under the operational area of TPWODL bearing consumer No 4141-1559-0182, having CD-0.11KW under LT-Domestic category, coming under ESO-Tileibani & initial power supply effected on 09.04.2010. On scrutinizing the records in detail, the Forum observed the following facts which are envisaged here under that,

1. That, as per objection raised by the complainant and on examining the case in detail, the Forum observed from the licensees soft record (FG & Samadhan App) that average bills charged from Nov-2011 to April-2019 @50 units/58 units/100 units/200 units/400 units on bi-monthly basis from time to time.
2. Provisional bills charged from Sept-2024 to Oct-2024 were not revised/adjusted in subsequent billing months.
3. Subsequently, a new meter bearing SL.No." LW318689" was installed on 19-Jun-2019, replacing the old defective meter No." 804227" & actual bills continued to charge thereafter. Provisional bills charged after installation of above meter i.e. from May-2019 to Aug-2019 were auto-adjusted later.
4. The ledger abstract indicated that bills charged from October-2019 to September-2025 were already revised by the Opposite Party & Rs.2669.24/- was credited back (withdrawn from) to the consumer's account on 31-10-2025.

The Forum on scrutinizing the records, reports available on record construed that the average energy bills charged limited to two years (as per regulation-155 & regulation-157 of OERC Distribution (Conditions of Supply), Code,2019) i.e. from May-2017 to April-2019 are to be revised by the Opposite Party, as per actual monthly average consumption recorded in subsequent meter installed bearing SL.No." LW318689".

ORDER

After careful consideration of hearing and documents, statements available on records, the Forum hereby passes order in consonance with Regulation of OERC Distribution (Conditions of Supply), Code,2019

1. *The Opposite Party is directed to revise the energy bills charged from May-2017 to April-2019 on the basis of succeeding six months actual monthly average consumption recorded in meter SL. No." LW318689", from the date/month of installation of the same, duly adjusting the bill revision made earlier and/or the benefit arising out of the OTS Scheme, if any.*
2. *The Opposite Party is directed to serve the revised energy charges bill with revised due date within 30 days from the issue of this Order, duly considering the applicable tariff during the period, taking into account the adjustments, if any, and adjustment for the payments made by the complainant.*
