OBSERVATION

The case is pursued with all documents available on record and merit of the case. The complainant is an existing consumer of electricity under the operational area of TPWODL bearing consumer No 4141-1579-0604, having CD-0.11KW under LT-Domestic category, coming under ESO-Tileibani & initial power supply effected on 10.12.2010. On scrutinizing the records in detail, the Forum observed the following facts which are envisaged here under that,

1. That, as per objection raised by the complainant and on examining the case in detail, the Forum observed from the soft records (FG & Samadhan App) that first energy bill was charged in February-2011 on provisional basis. Thereafter, actual bills were raised to the complainant upto the advanced reading of KWH"000 600", as recorded in meter No" 813027" in August-2013 billing.
2. Thereafter, provisional and average bills were charged continuously from September-2013 to January-2017 @54 units/100 units on bi-monthly basis from time to time.
3. That, February-2017 bill was charged on actual basis, considering the advanced meter reading of KWH"00 1598", as recorded in above mentioned meter. Thereafter, meter readings were advanced upto the KWH"005458", as recorded in April-2024 billing.
4. That, a new meter bearing SL. No." TWST1728973" was installed subsequently on 22-Jun-2024, replacing the old meter No" 813027" and actual bills continued to charge thereafter.
5. That, the average energy bills from 09-01-2024 to 22-06-2024 were revised by the Opposite Party due to meter change assessment & Rs.1124.61/- was added to the consumer account on 28-03-2025.

The Forum on scrutinizing the records, reports available on record construed that the average energy bills charged particularly from September-2013 to February-2017, are to be revised on the basis of actual advanced consumption recorded in the then meter No" 813027" to redress the grievances accordingly.

After careful consideration of hearing and documents, statements available on records, the Forum hereby passes order in consonance with Regulation of OERC Distribution (Conditions of Supply), Code,2019
