President  
Grievance Redressal Forum  
TPWODL, Burla - 768017

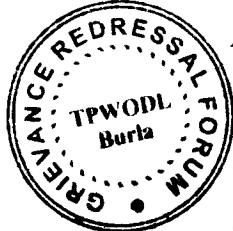

1. That, as per objection raised by the complainant and on examining the case in detail, the Forum observed from the licensees soft records (FG & Samadhan App) that actual bill was charged previously upto January-2015 based on advanced readings recorded in meter No." 1825917". Thereafter, provisional & average bills raised continuously from February-2015 to April-2019 @103 units/144 units/288 units/324 units on monthly basis which are not revised till date.
2. A new meter bearing SL.No." LW230138" was installed on 12-Apr-2019, replacing the old defective meter No." 1825917". Thereafter, actual bills continued to charge upto January-2022 billing.
3. It was pointed out that the Provisional bills raised subsequently from Feb-2022 to Jun-2023 were already revised by the Opposite Party & Rs. 10378.17/- deducted from the consumer account on 02-05-2025. Actual bills continued to charge thereafter.

The Forum on scrutinizing the records, reports available on record construed that the provisional & average energy bills charged limited to two years (as per regulation-155 & regulation-157 of OERC Distribution (Conditions of Supply), Code,2019) i.e. from May-2017 to April-2029 are to be revised by the Opposite Party based on the actual monthly average consumption recorded in subsequent meter No." LW230138", to redress the grievances accordingly.
