Brief Facts of the Case

During the spot hearing at Sundergarh Electrical Sub-division of Sundergarh Electrical Division camp on 20-03-2024, the complainant appeared before the Forum whereas SDO-Sundergarh appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT-Domestic consumer having consumer No. 812123050105 with connected load of 2.00 KW. That the Complainant has raised objection regarding the provisional/average bills served to him. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

1. Submission of the Complainant:

- The complainant submits that, average bills have been served to him due to which high billings have been done resulted to accumulation of arrear.
- He further submits that; he had made verbal complain to the respondent about the erroneous bill.
- He also requested the Forum to revise the bills.

2. Reply Submission of the Respondent:

- The respondent produced the billing abstract from May'2018 to Feb'2024 and a PVR dated 55-03-2024 mentioning the meter reading as "2393" KWH of meter no. WLT203937.
- The respondent also agreed to the wrong billing from Sep'2021 to Apr'2023 and agreed for revision of bills. However, the respondent requested the Forum to take appropriate decision as necessary.

Findings of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents and provisions of law have concluded as follows:

- That the complainant has been billed on actual meter readings up to May'2020 with a meter reading of "1233" of meter no. LW105622. From Jun'2020 to Mar'2023, provisional/average bills have been served @ of 130 units, and 144 units, 264 units etc. due to defective meter.
- In the meanwhile, a new meter bearing Sl. No. WLT203937 has been installed on 28-09-2021 as per PVR submitted by the respondent but in billing the date of meter change has wrongly been entered as 12-04-2023 and the bill for the month of Apr'2023 has been billed @1854 units with a final meter reading of "1840" which needs revision.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

- The wrong bills served to the complainant from Sep'2021 to Apr'2023 are to be revised by taking the IMR as "0" and FMR as "1840" as per Section 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments done during the revision period are also to be taken in to consideration.
- DPS charged on the wrong bills are also to be withdrawn.

Matter is closed herewith and the compliance report to be submitted to the undersigned on or before dated **30-04-2024**.
