# **ORDER**

## **Brief Facts of the Case**

During the spot hearing at Kalunga Electrical Sub-division camp on 11-01-2024, the complainant appeared before the Forum whereas SDO Electrical, Kalunga and Manager(Fin), RED, Rajgangpur appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT-Domestic consumer having consumer No. 813212111914 with connected load of 0.50 KW. That the Complainant has raised objection regarding the provisional/average bills served to him. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

## **Gist of Arguments made by the Parties**

Both parties were present in the hearing. The contentions made by the parties are as follows:

### **1. Submission of the Complainant:**

- The complainant submits that, average bills have been served to him due to which high billings have been done resulted to accumulation of arrear.
- He further submits that; he had made verbal complain to the respondent about the erroneous bill.
- He also requested the Forum to revise the bills.

### **2. Reply Submission of the Respondent:**

- The respondent produced the billing abstract from Aug'2017 to Dec'2023 and a PVR dated 10-01-2024 mentioning the meter reading as "87" KWH of meter no. TWSP51083854.
- The respondent also agreed to the provisional/average billing from Jan'2023 to Oct'2023 and agreed for revision of bills. However, the respondent requested the Forum to take appropriate decision as necessary.

## **Findings of the Forum**

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents and provisions of law have concluded as follows:

- That the complainant has been billed on actual meter readings up to Dec'2022 with a meter reading of "3331" of meter no. 142773. From Jan'2023 to Sep'2023, provisional/average bills have been served @ of 175 units, 54 units, 68 etc. units due to meter defective.
- In the meanwhile, a new meter bearing Sl. No. TWSP51083854 has been installed on 06-11-2023 in the premises of the complainant.
- Therefore, it is decided by the Forum that, average period bills should be revised.
- It is also noted that, after meter change the billing for the month of Oct'2023 has been done @446 units taking the higher average units of previous billing despite the meter reading of the new meter has been recorded as "9", which also needs revision

### **Directions of the forum**

In view of the above findings and discussions, the Forum is of the view that,

- The provisional/average bills served to the complainant from Jan'2023 to Oct'2023 are to be revised as per the average of six consecutive billing of new meter as per Section 155 and 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments done during the revision period are also to be taken in to consideration.
- DPS charged on the wrong bills are also to be withdrawn.

Matter is closed herewith and the compliance report to be submitted to the undersigned on or before dated **30-06-2024**.

*"If the complainant is aggrieved with this order or non-implementation of the order of the Grievance Redressal Forum in time, he/she can make the representation to the Ombudsman-II, Qrs. No. 3R-2(S), GRIDCO Colony, P.O: Bhoinagar, Bhubaneswar-751022 within 30 days from the date of order of the Grievances Redressal Forums".*
