That the Complainant has raised objection regarding the provisional/average bills served to him. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

1. Submission of the Complainant:

- The complainant submits that, average bills have been served to him due to which high billings have been done resulted to accumulation of arrear.
- He further submits that; he had made verbal complain to the respondent about the erroneous bill.
- He also requested the Forum to revise the bills.

2. Reply Submission of the Respondent:

- The respondent produced the billing abstract from Jan'2009 to Dec'2023 and a PVR dated 05-02-2024 mentioning the meter reading as "1111" KWH of meter no. 300013979.
- The respondent also agreed to the provisional/average billing from Jan'2009 to Jun'2011 and agreed for revision of bills. However, the respondent requested the Forum to take appropriate decision as necessary.

Findings of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents and provisions of law have concluded as follows:

- From Jan'2009 to Jun'2011, provisional/average bills have been served @ of 144 units due to defective meter. From Jul'2011, no bills have been served as supply was disconnected.
- In the meanwhile, after reconnection, a new meter bearing Sl. No. 300013979 has been installed on 14-07-2022 in the premises of the complainant but reflected in Feb'2023.

- It is also noted that, from Jul'2022 to Feb'2023 bill revision has already done for late updation of meter change.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

- The provisional/average bills served to the complainant from Jul'2009 to Jun'2011 (Two Years) are to be revised as per the average of six consecutive billing of new meter as per Section 155 and 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments done during the revision period are also to be taken in to consideration.
